

County Livestock Show To Be Held Saturday

The annual Jones County Livestock Show will be held in Stamford this Saturday with judging to start at 9 a. m. at the Texas Cowboy Reunion grounds.

The Hamlin FFA boys are expected to make a strong showing in the Breeding Beef Cattle division with five entries, several of these will be animals that were bought in the Hamlin Board of Community Development's beef breeding program.

The local FFA boys are expected to be strong again this year in the Capon division and the Broiler division. They will also have a strong entry in the Swine divisions.

Trophies for the show are donated each year by various organizations and firms from over the county. Trophies furnished locally are Fat Steers, Hamlin Rotary Club; Fat Swine Hamlin Lions Club; and Rabbits, F and M National Bank.

The Entries for the show include: Fat Steers 19, 3 from Hamlin; Commercial Steers 34,

2 from Hamlin; Breeding Beef Cattle 32, 5 from Hamlin; Dairy Cattle 11; Breeding Swine 58, 11 from Hamlin; Fat Swine 76, 20 from Hamlin; Breeding Sheep 14; Fat Lambs 20, 3 from Hamlin; Capons-Individual 16, 6 from Hamlin; Capons-Pen of three 5, 2 from Hamlin; Broilers-Pen of three 52, 28 from Hamlin; Rabbits-Doe and Litter 1; Rabbits-Fryers 7, 1 from Hamlin.

The judges for the show are: Beef Cattle - Lawrence Wrinkler, Shackelford County Agent from Albany; Dairy Cattle and Sheep-Max Stuart, a Rancher from Roby; Poultry - Marvin Webber of Power Feeds in Abilene; Swine-J. C. Heald, a swine breeder from Anson, and Rabbits-Byron Wilsin from the Tornado Rabbit Ranch, Abilene.

Pipers Edged by C-City, 60-59; Play Ballinger Friday

The Pipers slipped back into a tie with Anson for third place in the District 5-AA race here Tuesday night when they were edged by Colorado City, 60-59. Winters leads the district race with a 4-0 record, followed by C-City with a 2-1 record.

Hamlin and Anson each have a 2-2 record as the first round of play nears the end. The Pipers will travel to Ballinger Friday and then will complete the first round Tuesday night here with Anson.

Mike Shivers led the scoring here Tuesday night with 29 points and C-City's David McKay netted 19. James Ledbetter hit 15 for the Pipers and Robert Pearce connected on 10.

Colorado City won the B game, 45-30, with Joe Adams scoring 9 for Hamlin.

Kay McCoy, Injured Saturday in Rotan Wreck, Recovering

Kay McCoy, daughter of Mr. and Mrs. J. E. McCoy, is still a patient in Hamlin Memorial Hospital being treated for injuries received in a two car accident in Rotan Saturday evening.

Miss McCoy received bruises when the car she was riding in with Carlton H. Taylor of Rotan was hit from behind. Both were treated at Callen Hospital in Rotan Saturday night and Kay was transferred to Hamlin and Taylor was taken to Dyess Hospital Sunday.

Taylor, stationed with the Air Force in Puerto Rico, was on emergency leave because of the death of his father, Sam Taylor, last month. He was due to return to duty Sunday. He received cuts about the head and is reported to be improving. He was not believed to be seriously injured.

The car which belonged to Kay was a total loss.

Mrs. Lydia Withers One of First to Draw Social Security

Mrs. Lydia Withers, 92, is one of three persons in the area served by the Abilene office of the Social Security Administration who were among the first to receive a benefit check in January, 1940, the first month such were payable.

In 1940 103 persons established eligibility and only three survive.

Mrs. Withers gave up several checks when she returned to work and forfeited her benefit checks for seven months. In the early 1940's the beneficiaries were allowed income of only \$14.99 per month.

Mrs. Withers has been paid \$7,712.80 at rates from \$13.60 per month to \$41.00. She gave written permission for publication of her story.

Former Resident Dies at Midkess

Mrs. Willie Lee Shields, 44, a former Hamlin resident, died at her home in the Sohio Camp at Midkess Friday, Jan. 1. Funeral was held Jan. 3 in the Midkess First Baptist Church with burial in Atoka Cemetery near Novice.

She lived in Hamlin from 1941 to 1961 when she moved to Odessa.

She is survived by her husband, her mother, three sons and two grandchildren.

Piperettes Down Coleman Monday

The Piperettes defeated the Coleman girls here Monday evening, 35-30.

Judy Jenkins was high point with 20 points, 16 of which were made in free throws. Kay Hodnett made 8, Margaret Cooper, 5 and Pauline Lakey, 2.

The Coleman top scorer was Janie Streetman with 22 points. Coleman had maintained an average of over 40 points this season.

The defensive girls were outstanding at Winters Thursday evening, holding Winters to 36 points. They also had been averaging over 40 points per game. Final score was 36-34. Coach Dan Truelove said the guards have done a good job during the last two games with Glenda Hudspeth being the most improved girl in the Winters game.

Start guards are Glenda, Donna Compton and Linda Bailey.

Paul Wade Griffin Dies in Stamford Hospital Sunday

Paul Wade Griffin, 46, of Fort Worth died at the Stamford Hospital at 8 a. m. Sunday from an apparent heart attack.

He and his family were visiting his wife's parents in Stamford when he suffered the attack and was taken to the hospital.

Mr. Griffin, an engineer with A. Briggs Co., in Fort Worth, had lived there six and one-half years.

Born Aug. 22, 1918 in Hubbard City, his parents are Mrs. J. W. Griffin and the late Rev. Griffin. They moved to Hamlin when Mr. Griffin was a young child.

He was married to the former Obera (Pat) Rush here Feb. 19, 1946.

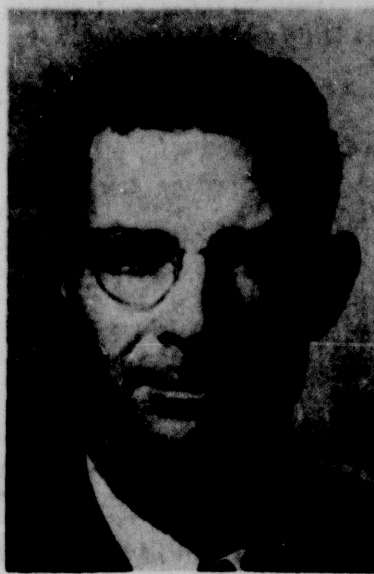

He was a member of the Baptist Church and V. F. W. Services were held at the First Baptist Church Tuesday at 10:30 a. m. with the Rev. Byron Brant, pastor; Rev. James Wood, pastor of Central Baptist Church in Aspermont; and Rev. Temple Lewis, pastor of Trinity Baptist Church of Stamford. Burial was in Hamlin East Cemetery.

Survivors include his wife; his mother, Mrs. Eula Griffin, of Waco, formerly of Hamlin; three sons, George Paul, Ricky Bob, Thomas Rush, all of Fort Worth; two daughters, Alecia Diane, Alana Paulette, of Fort Worth; three brothers, John of Waco, Thomas of Dallas, Leroy of Lone Star; one sister, Mrs. D. A. (Iva) Brown of Hamlin. Nephews were pallbearers.

Bookkeeping Class To Start Monday

The first meeting of the adult bookkeeping class will be held in the high school cafeteria from 7 to 9 Monday, January 18. The tuition will be \$15, with the cost of textbook workbook, and other supplies being extra. The books will be \$5 or more depending on the transportation charges.

All those interested in taking the course may register at the initial meeting Monday evening.

JOHN G. MCHASEY
... Livestock Outlook

First County Soil Fertility Day To Be Held in Stamford Tuesday

The first Jones County Soil Fertility Day will be held in Stamford on Thursday, January 21st according to Jones County Agent, Kirby Clayton.

The Soil Day, sponsored jointly by the Extension Service and the Fort Worth - Denver Railway, will be held in the Roundup Hall on the Stamford Cowboy Reunion Grounds in Stamford beginning at 9:45 a.m. Birger Haterius, chairman of the Jones County Extension Program Committee is in charge of arrangement and facilities and will be Master of Ceremonies for the special event.

The program will include five outstanding speakers in the field of soils, soil testing and fertilization, cow and calf pro-

duction and maintenance, steer feeding operations with "All Concentrate - Ration", livestock outlook information and other information in the field of Agriculture production and management.

The program has been planned to cover all phases of Agricultural Production, says Clayton, and all farmers, ranchers and business people are urged to attend.

The meeting will be opened with an invocation by the Rev. H. B. Haterius, pastor of Bethel Lutheran Church, Ericksdahl. The group will be welcomed by Mayor Rowland Kelly of Stamford.

Speakers will include Dr. Alex Pope, main speaker; Paul Marion, supt. of Texas Agriculture Experiment Station; John McHasey, extension economist, Texas A&M University; Don McGinty, Texas Agri. Experiment Station, Spur; Roy McClung, Baylor County Agent, and J. L. Hill, Stamford Production Credit Association.

Marion, who will speak on cow-calf operations at the Spur station, is responsible for the supervision of research at Spur and on the Throckmorton ranch unit relating specifically to beef cattle production.

Mr. McHasey will discuss the livestock outlook as it relates to economic trends affecting agricultural prices.

Bridge Winners

Gene Knabel and Dale Lain were first place winners in the Tuesday night session of the Duplicate Bridge Club.

Mrs. W. O. Willbanks and Preston Morrow of Rotan were second and Mrs. Preston Morrow and Mrs. Ava Young were third.

The club meets every Tuesday night at 7:30 p. m. in the Oil Mill Guest House.

Six Piper Band Students Named to All-Regional Band

Six high school students, members of the Hamlin High School Band, were selected to the T. M. E. A. All-Region Band last Saturday in Abilene. Selected were Jack E. Townly, Jr., Carolyn Reynolds, Mary Lois Patterson, Gary Hester, Jimmy Hawkins and Margie Young.

After extensive competitive tryouts during the morning, those selected as members rehearsed during the afternoon in preparation for the concert given that night in Radford Auditorium.

One of the eight numbers on the program, "First Swedish Rhapsody", was directed by the Hamlin director, Tim Jones.

.15 Inch Rain Here

Rainfall here last Friday night and early Saturday amounted to .15 inches. There was sleet and some reports of small hail.

Jones County Employees Salaries To Remain at Previous Level

Salaries for Jones County employees — elected officials as well as workers in the various offices — will remain the same for the coming year. This decision was reached by the Commissioners Court Monday.

Elected officials received a \$25 per month increase on January 1, 1965 but pay after the increase is still below that of surrounding counties it was pointed out.

The county judge, attorney, county and district clerks and the sheriff each draw \$500 per month. The tax assessor - collector receives \$520 and the treasurer, \$445. The judge has a travel allowance of \$50 per month.

Commissioners' salaries are \$415 per month. They are paid \$75 per month to operate pick-ups which they must furnish. In addition, they have an allowance of \$300 per year for out of county travel, which is explained, usually covers going after parts.

Starting salary of office help is \$215 per month and this ranges upward to \$236. Chief deputy sheriff receives \$331 per month while the chief deputies in the county clerk's office are paid \$300 per month.

The commissioners also approved appointment by District Judge Owen Thomas of Carl Savage as auditor. Mr. Savage's salary is set by the judge at \$475 per month.

Many items of business that must be handled at the first of the year were passed on by the court. Among these were the following:

Appointed Judge Leon Thurman as county purchasing agent.

Named Commissioner Johnnie Agnew of Precinct 1 as judge pro tem.

Renewed bond covering money handled by tax collector's office. This bond costs \$339 for four years and protects against robbery not only in the courthouse but also on the way to the bank.

Elected to pay salaries rather than operate the county under the fee system. This action was made necessary, Judge Thurman said, because population of the county is now less than 20,000. With the small counties it is necessary to take action each year on this question.

Dr. A. G. Andrus of Anson was appointed again as county

County Rejects Request For Rural Fire Assistance

Jones County Commissioners Court in a session that considered an unusually large amount of business, Monday rejected plea of the City of Hamlin for financial aid in fighting rural fires.

"We simply do not have the money to take on anything like this," Commissioner Johnny Agnew said. "If we were to pay Hamlin we would have to pay Stamford, Anson, Leuders, Abilene, Merkel and Tye. We just can't do this."

Mr. Agnew offered the suggestion that he could convert one of his trucks which has got-

ten too old for hauling gravel into a water truck and this could be equipped with a pump and could be made available for fighting rural fires.

He asked that the county at-

torney check to see if this would violate any law.

"I could take the truck anywhere in the precinct or I would furnish the fire department with a key and they could take it," he said. Although it was not specifically mentioned, it was presumed the truck would be kept at the county yard. Some times it would be used in wetting down newly gravelled roads.

Commissioner J. E. Touchstone, in Precinct 4, already has a truck equipped in this manner and it has proven of value in fighting grass fires, it was brought out.

Judge Leon Thurman also reminded that the Anson Volunteer Fire Department had purchased an old truck and were making it ready for fighting rural fires. They had asked that the county make a donation. The commissioners suggested that it might be better if this be handled on a personal basis, with each possibly making a donation.

WESLEY NAIL
... new BCD president

Only 4 County Funds End Year With Deficits

Only four Jones County funds closed out 1964 with deficits, County Auditor Carl Savage's report to the commissioners court Monday showed.

By far the largest of these was the officer's salary fund which represents fees collected by the various offices. This fund showed a deficit of \$27,029.82.

The county law library fund with but \$277.15, was the other county-wide fund in the red.

Road and Bridge fund for Precinct 2 showed an overdraft of \$9,303.40, while the same fund for Precinct 3 was in the red by \$191.26. Both of these Precincts are solvent when funds from the lateral road funds are considered. In Precinct 2 this fund has \$9,733.64, while in Precinct 3 it amounts to \$7,691.70.

Commissioner Tom Boyd of Precinct 2 said this week that he is getting his equipment in good shape and he expects to "get caught up" this year.

"I have gotten almost all the people in my precinct out of the mud by graveling about 100 miles of roads. This is an expense that I will not have to face again," Mr. Boyd said.

When he took office, Mr. Boyd's accounts were approximately \$15,000 overdrawn.

Franklin Ervin, 75, Dies Here Sunday; Rites Held Monday

Services were held here Monday at 2:30 p. m. in the Four-square Gospel Church for William Franklin Ervin, 75, a resident of 1112 South Central for the past two years.

Mr. Ervin died at 4 a. m. Sunday at Hamlin Memorial Hospital.

Born Dec. 18, 1890, in Bosque County, his parents were Mr. and Mrs. T. J. Ervin. His wife, Jane Josephine, whom he married Aug. 8, 1923, preceded him in death.

He was a member of the Four-square Church where services were conducted by the pastor, Rev. Spencer L. Liles. Burial was in Hamlin East Cemetery.

Survivors are a daughter, Nellie, and a sister, Maggie Watkins of Hamlin.

Pallbearers were A. N. King, L. L. Skaggs, A. G. Miller, Roland Goodgame, J. C. Bailey and Cecil Woodruff.

80 Needy Children Received Toys from Camp Fire Project

Mrs. Miller Harmon, chairman of the Camp Fire and Bluebird girls committee which sponsored the drive for toys for needy children, has reported that the toys were distributed to parents of about 80 children.

Mrs. Harmon is expressing her thanks to all those who made the drive a success by their contribution of toys, and help in dressing dolls.

A special thanks is extended to Mrs. Erma Wallace, school nurse, Mrs. Fred Smith, principal of primary school, Henry Albrighton, who furnished the building used as headquarters for the project.

Committees Named for Annual BCD Banquet Set for Friday, Jan. 22

Wesley Nail will assume the responsibilities of president of the Hamlin Board of Community Development at the annual banquet scheduled at 7:30 p. m. Jan. 22 in the high school gymnasium.

Other officers accepting the duties of their respective offices will be Lewis Madden, first vice president; James Rodgers, second vice president; Ernest Williams, third vice president; W. T. Johnson, treasurer; Mrs. Ned Moore is full-time secretary.

New directors are C. Weldon Griggs, John V. Howard, Jr., W. T. Johnson, Elbert Payne, Jerry Williams and Milburn Wink.

Speaker for the banquet will

be Dr. Charles W. Jarvis, a dentist from San Marcos, who has gained increasing popularity as a speaker. He is a speaker for Knife and Fork Clubs of America, Inc., on the national circuit and is a member of American Medical Association's Speakers Bureau.

C. F. Cook is general chairman. The decorations are being done by the Hamlin Business and Professional Women's Club with Miss Lonnie Grenway, president, as chairman.

T. C. Blankinship Donley Williams, Milburn Wink and B. V. Newberry are in charge of food arrangements.

Edgar Duncan, James Rodgers and David Casy are in charge of ticket sales. Tickets are \$2.50 per plate.

Ticket sales at the door will be handled by B. O. Bell, Rodgers and L. J. Cunningham.

On the arrangement committee is Dewey Nunley and Cunningham.

The reception committee includes Casey, Nunley, Duncan and Joe Ford.

Mrs. B. O. Bell, Mrs. James Rodgers and Mrs. L. J. Cunningham will preside at the registry.

Entertainment will be the Hamlin Stage Band, under the direction of Tim Jones.

Religious Census To Be Taken Here

A religious census is being taken this month by the Hamlin Ministerial Alliance, according to a spokesman for the group, Rev. Royce Womack.

Plans for the census were made at a meeting Wednesday morning.

Eighth Grade Girls Win Anson Tourney; Jr. High Opens District

The Hamlin Junior High School eighth grade girls won first in the Anson Junior High tournament this weekend.

The girls defeated Merkel 18-17 to win first place. The team received a silver trophy and each girl a blue ribbon.

The boys lost the consolation game to Merkel.

Thursday the Junior High teams open district play at Anson. The seventh grade boys play at 6 p. m., followed by the girls' eighth grade game. The boys' game will be the eighth grade boys at approximately 8 p. m. The teams are coached by Grady Allen.

The three teams then travel to Albany Tuesday, Jan. 18.

Members of the girls' squad are as follows: Jane Hymer, Shirley Phelps, Patti Murphree, Pat Perrin, Patti Murphree, Marilyn Fudge, Sheree Nail, Rhoe Sue Vaughn, Clara Crabbs.

Beth Craig, Debra Scarborough, Linda Nichols, Patty Cowan and Jill Maberry.

The eighth grade boys team is as follows: Peter Camacho, Milbourne Newland, Ernest Ledbetter, Jackie Don Williams, Marshall Bond, Donnie Smith, Hollis Stephens, Ricky Chandler, Sammy Bond, Roy Pritchard, Gil Lain, Joey Duncan and Steve Feagan.

Members of the seventh grade boys team are as follows: Charles Shipe, Billy Hobnett, Mike Cwen, Gary Smith, Hector Ortona, Charles Pearce, Gary Don Mayberry, Davis Weaver, Brit Thompson, Spencer Ford, Jimmy Rogers, Jim Parramore, Russell Williamson and Gary Ledbetter.

The seventh grade travelling squad will be limited because of the number of teams that travel. More seventh grade players will cut out at home than away.

Cotton Growers Face Huge Carryover, Says A & M Specialist

COLLEGE STATION — Cotton growers of Texas and the nation will add an estimated 60,000 bales to the carryover on August 1, 1965. This, points out John G. McHaney, Extension economist, Texas A & M University, will bring the national carryover to an estimated 13 million bales, the largest since the record carryover of 14.5 million bales in 1956.

And, continues the economist, the large 1964 crop will likely offset the high disappearance expected during the period from August 1964 to July 31, 1965.

Lower net costs of upland cotton to domestic users, resulting from legislation enacted last April, were cited as contributors to the expected domestic use of 9.7 million bales during the present crop year of 1964-65. This is 1.1 million bales more than were used in 1963-64 and the largest domestic usage since 1950-51.

Per capita mill consumption of cotton for 1964 was up about 5 per cent from 1963. But, points out McHaney, cotton's share of

the total fiber consumption showed a slight decline to a low of 55 per cent.

U. S. exports of upland cotton for the 1964-65 season are expected to total 5.2 million bales, compared with 5.7 million for the 1963-64 season but above the average for the past four years. McHaney believes exports will hold at the high level due to the continued upswing in foreign free world consumption. But, he adds, foreign free world cotton production for 1964-65 set a new record and thus, will make more competition for U. S. producers.

Farm prices for cotton in recent months have been trending downward to reflect the 2.5 cents per pound reduction in the 1965 support price. For the 1965 crop, the basic support price for middling 1-inch cotton, gross weight, at average location is 29 cents per pound. Farmers who plant within their domestic allotment will be eligible to receive an additional payment of 4.35 cents per pound on their farm's normal cotton yield, as determined by the

Cisco Jr. College Offering Technical, Vocational Program

CISCO — Three new full-time programs will be inaugurated by Cisco Junior College Technical - Vocational School as the spring semester opens on February 1, 1965, according to an announcement by President G. C. Hogue.

Registration for the semester has already started, and prospects are good for the spring enrollment to exceed 450 students, Mr. Hogue said.

The new programs are: Industrial Drafting Technology, Industrial Engine Technology, and Industrial Welding Technology. Director L. E. Jenkins of the Technical - Vocational School said that each program would require four semesters or two years for completion and an Associate of Science degree.

The college will have fully equipped shops in readiness for the engine and welding courses, Mr. Jenkins said. The drafting courses now being offered will be expanded for the new program, he added.

Eligible for the new programs

county ASCS committee.

The national acreage allotment for the 1965 crop of upland cotton has been set at the statutory minimum of 16 million acres.

are students or individuals at least 18 years old with a high school education or the equivalent. High school drop-outs or those who have not been able to continue their high school education will be accepted on approval for certain phases of any one of the technology programs, according to Mr. Hogue.

Approximately 100 jobs for students in the programs are tentatively planned on the campus of the college, Mr. Hogue said. These will be under the College Work-Study Program of the Economic Opportunity Act. This means that students needing financial assistance may work while attending school and meet the majority of their total expenses, Mr. Hogue explained. This will include room and board, he added.

In addition, CJC has National Defense Student Loans available to students, Mr. Hogue said. The college offers a fully accredited program leading to degrees in virtually any field.

The Technical - Vocational School also has started enrolling students for the Electronic Data Processing program for the spring semester. Anyone interested in the Technical-Vocational programs or in the regular academic courses was invited to visit or write the Registrar, or Technical-Vocational School Director at Cisco Junior College.

Table Available for Texas Sales Tax for Income Tax Deduction

Texas taxpayers may use a state sales tax table as a guideline when filing their 1964 federal income tax returns. Ellis Campbell, Jr., District Director of Internal Revenue said the table is now available.

The table shows the average amount of state sales tax paid by Texas residents and may be used by taxpayers who itemize their federal income tax deductions. Similar tables have been prepared for 36 other states and the District of Columbia.

For the first time since 1960 when the tables were originally issued there has been a general revision of the amounts. Mr. Campbell said. The latest tables are based on summary data showing the patterns of consumer expenditures developed by the Bureau of Labor Statistics from a 1960-61 study. Previous tables were based on a 1950 study.

Previously, tables were revised only to reflect changes in sales tax rates or the commodities covered by the particular state's laws.

The recent study shows that household operations, property taxes, medical care, personal

care services, education, and insurance have, for the most part, comprised a larger part of the total consumer expenditures in 1960-61 than they did in 1950. These items are not usually subjected to state sales taxes.

The new tables omit the state sales tax on automobiles purchased, thus providing a uniform treatment of this item for all states. Now taxpayers who purchase an automobile may add the sales taxes paid on the purchase to the amount shown in the table.

Internal Revenue reminds taxpayers that these tables are not required to be used. They are furnished as a guide for the convenience of taxpayers who itemize deductions on their federal income tax returns but who wish to use a "standard" amount for state sales tax which will not require detailed substantiation. Taxpayers have the choice, of course, of deducting the actual amount of state sales taxes paid.

BUY SUPER-TORQUES TODAY! START SAVING TOMORROW!

When you start to use a pair of Super-Torque Rear Tractor Tires, they start to save you money!

In dramatic, grueling 530 hour wear test — the new Super-Torque Tractor Tire saved 28% in tire operating costs... compared to a well-known, lower-priced field/road type tractor tire. What's more — after the test, Super-Torque still had 75% of original lug depth left, outpulled that lower-priced tire, brand-new. Reason: Exclusive *Angle-Braced* lugs, which are up to 30% deeper — provide up to 40% more working rubber — put up to 28% more rubber on the road than any other general purpose rear tractor tire.

Top trade-in allowance this week! Stop in today!

There's more value in those old worn tires than you think! We need used tires... and will pay top dollar for any tread left. We make on-the-farm inspection when you deal for new Super-Torques!

ANGLE-BRACED LUGS MAKE THESE SAVINGS POSSIBLE

<p>More Rubber Per Lug Than Any Other Tire in America* This is the "working" rubber... and the more there is, the longer the tire delivers peak traction and wear.</p>	<p>Lugs Deeper Overall Than Any Other Tire in America* Sheer pulling power from a deeper, more positive soil bite.</p>	<p>Lugs Longer Than Any Other Tire in America* Greater frontal area to grip more soil assure greater traction longer.</p>	<p>Average Lug Width Greater Than Any Other Tire in America*</p>
--	--	---	--

* Comparison with rear tractor tires other than special-purpose tires.
... All This Without Lugs Tearing or Folding Under!

BUY ON EASY BUDGET TERMS

Neinda Philosopher Aims to Adapt to the Great Society If He Doesn't Have to Change

EDITOR'S NOTE — The Neinda Philosopher on the Johnson grass farm on Route 1 takes a look at the Great Society over the top of his glasses this week:

Dear Editor:
I was out here deep in thought the other day drawing up some blueprints for bringing the Great Society to this Johnson grass farm, well in advance of spring planting, and there are a few questions I need answering.

In the first place, how much will be expected of me? Will this farm fit into the finished plans of the Great Society? I mean, which one will have to

yield, me or the G. S.? If a man's gates sag, can he qualify? Can there be a loose board on the front porch? Does he have to understand what's happening in Viet Nam?

Understand, I'm in favor of the Great Society, but I'm asking these elementary questions so we both know where we stand before we rush headlong into it.

Generally speaking I always admire whoever is President at the time, for different reasons, which anybody can find if he hunts hard enough, and I have to admire President Johnson because he likes to work hard. But, can he admire me because I don't like to work hard?

I am willing to plunge into the task of bringing the Great Society into being, provided it's understood in advance won't anything change around this Johnson grass farm, and I would like to know if President Johnson will accept these terms.

When you ask the question, can we have a Great Society and still keep a place like this, I begin to look around and fidget, although I take some comfort in remembering it has withstood the efforts of the New Deal, the Fair Deal, the Eisenhower Deal and the New Frontier to change it. Yet this fellow Lyndon Johnson seems to have a drive that might sweep my gates back on their hinges and replace the loose boards on the

front porch, although I will try to hold the contraption and hold out as long as I can.

Therefore, I will appreciate your contacting our Congressman and getting him to look up the details on this. I don't want to stand in the way of the Great Society, but on the other hand I don't want it to budge me. The plans and me ought to be coordinated before Congress settles down to work. Come to think of it, will Congress fit into the plans?

Your faithfully,
J. A.

Car Inspection Time Here Again

AUSTIN — Col. Homer Garrison, director of the Department of Public Safety today encouraged Texas motorists to "start the new year with a safe vehicle" by securing the 1965 vehicle inspection sticker without further delay.

The Public Safety Director said that approximately one-half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. He added that unless the inspection pace is stepped up, motorists may expect to find the usual waiting lines at the inspection stations when the April 15 deadline approaches.

"The inspection stickers for 1965 have been available since September 1," Garrison said, "allowing ample time for all vehicles to be inspected without delay prior to the deadline. There can be no extension of the deadline and vehicles not displaying the new sticker will be in violation of the law after April 15."

Texas now has more than 5,200 authorized inspection stations over the state. According to Garrison, these stations are ready and capable of handling the remaining uninspected vehicles without delay provided vehicle owners do not wait until just a few days before the deadline.

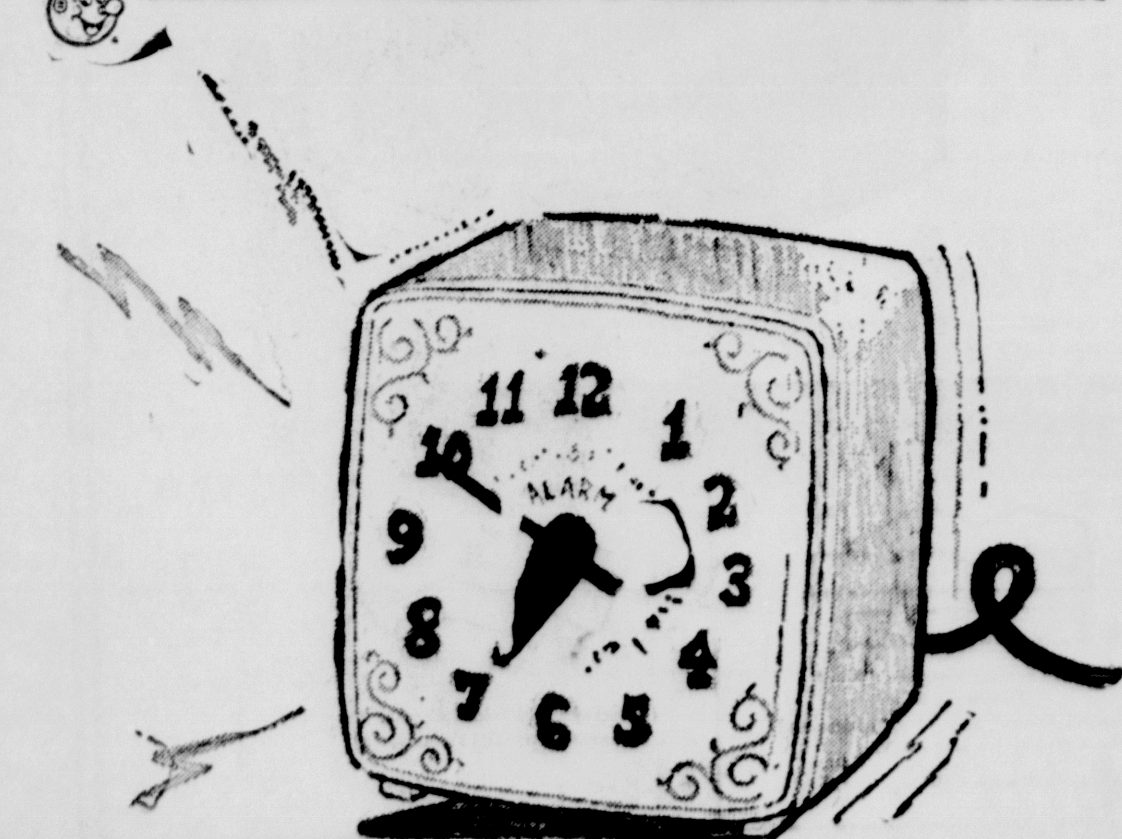

He pointed out that the basic function of vehicle inspection is to detect and correct vehicle defects that might cause an accident. He said that last year vehicle defects contributed to fewer traffic accidents than ever before in Texas.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Today many Towns are "waking up" to Community Development

Everywhere you go these days you see towns engaged in or planning "community development." These activities range from simple clean-up programs to business modernization, new schools, hospitals, public buildings and recreational facilities as well as commercial and industrial promotion . . . making the towns better places to live, work and play. In 1965 we will run a series of ads which will picture and describe examples of community development now taking place in our service area. This is part of our area development program in which we are dedicating our efforts to assist the towns we serve to grow and progress. Growth-conscious towns are invited to contact their local WTU manager for the services of our area development representatives.

WEST TEXAS UTILITIES
AN INVESTOR OWNED ELECTRIC COMPANY

IN MOTHER'S FOOTSTEPS

What joy in life is seen in those eyes. That smile is given freely to everyone. Now look at them both. Which one am I talking about? Aren't they both the same? No, she's not an exact, carbon copy, of her mother — for when you look again, you see that there is a generation between them. She wears the bright colors in her dress with the cute designs. Her dreams are different than her mothers. She is more outgoing. Yet in the mother you can see a quiet humor and in her closeness to her daughter, a gentle protectiveness. Her mother's dreams are sometimes too ambitious, but in the "Encouragement Department" she works just fine.

There is one dream and ambition they both have, however; and that is to be like our Lord and Saviour Jesus Christ, and to be of service to the church. Their goodness is of God.

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers; but the face of the Lord is against them that do evil." I Peter 3:12.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Ben Niedecken Urges B&PW Members to Pay Poll Taxes

Ben Niedecken of Anson, Jones County Attorney, was guest speaker for the Tuesday evening meeting of the Business and Professional Women's Club held in the high school cafeteria.

The attorney stressed the importance of paying the poll tax on the county, state and national level.

The program was under the direction of the legislative committee with Mrs. W. B. Britton as chairman.

The finance committee served as hostesses and used the patriotic theme in the decorations. Mrs. Opal Smith was chairman.

Mrs. J. C. Bailey gave an explanation of the B & P W emblem prayer.

Miss Lennie Greenway, president, presided and introduced the following guests: Mrs. Paul Hubbard, Mrs. Ross Walker of Breckenridge, Mrs. Wesley Niedecken, Mrs. Ben Niedecken of Anson, Mr. and Mrs. W. W. Wallace and Christy Wallace, who furnished dinner music.

Miss Greenway announced the Jan. 26 business meeting to be held in Harden Memorial Library at 7:30 p. m. Each member is to attend the meeting in tacky attire.

Mrs. A. A. Hackley, chairman of the world affairs committee, announced the Feb. 9 dinner meeting in the high school cafeteria when each member is to come with a home-made hat to represent a foreign country.

Mrs. J. W. McCrary To Host Literary Club Friday at 3

Mrs. J. W. McCrary will be hostess for the Friday meeting of the Hamlin Woman's Literary Club at 3 p. m.

The program will be presented by Mrs. R. D. Moore, Mrs. A. A. Hackley and Mrs. McCrary. "A Prayer for Vacations" will be given by Mrs. Moore and slides and commentary of their recent European tours will be given by Mrs. Hackley and Mrs. McCrary.

The annual business meeting will also be held.

Jeffrey Witt Has Sixth Birthday

Jeffrey Warren Witt was honored on his sixth birthday with a party at the home of his parents, Mr. and Mrs. Gean Witt, 423 N. W. Ave. D., Saturday.

Guests were Mitch Wilson, Keith and Kyle Jackson, Rusty and Britt Cary, Harold and George Ann Pruitt, Debbie and Danny Hix, Dee Dee Young, Linda Jean and Cynthia Witt, Mrs. J. E. Hix, Mrs. John Hix and Jeffrey's grandmother, Mrs. I. R. Witt.

CELEBRATES BIRTHDAY SUNDAY — Mrs. Minnie Shepherd, formerly of Turkey, observed her 94th birthday here Sunday at Holiday Lodge. She is quite alert and active for her years and most industrious as the quilt in the background shows. She pieces quilt blocks to perfection by hand even though she does not wear glasses.

Mrs. Minnie Shepherd Honored On 94th Birthday Here Sunday

Mrs. Minnie Shepherd of Holiday Lodge was honored Sunday on her 94th birthday when her daughter, Mrs. Lee Parker and Mr. Parker came from Flomont with a cake and gifts for the occasion.

Mrs. Shepherd, a former resident of Turkey, has been at Holiday Lodge since Oct. 17, 1964.

Although her birth date is Jan. 10, 1871, she insists she is only 93.

Despite her advanced age, Mrs. Shepherd is very alert and still enjoys piecing quilts by hand.

Mrs. Shepherd does not wear glasses and walks with the help of a cane. She goes to the dining room for most of her meals. She writes a few letters but her incoming mail is read to her.

She was born in Kentucky and was married to Dick Shepherd in Missouri. They homesteaded in New Mexico, living in a half dugout. Mr. Shepherd was a trapper and would be gone for many weeks at a time.

The couple had five children. The two children now living are Mrs. Parker and a son, Richard Shepherd of Dalhart.

The Shepherds moved to Turkey in 1927 and farmed there and he continued to trap. Mr. Shepherd died in 1938.

Mr. and Mrs. Paul Buchanan, owners of the Holiday Lodge, have been close to the Shepherd family since Mrs. Buchanan's uncle, Mr. Parker married the Shepherd's daughter, Annie. Mrs. Buchanan helps Mrs. Shepherd cut her quilt blocks. Mrs. Shepherd recently completed a quilt top for Mrs. Buchanan and now has material ready to be cut for her to piece her own quilt.

Mrs. Shepherd maintained her home with a companion in Turkey before moving here last year.

The cake was shared with other residents of the Lodge at the evening meal Sunday. Gifts were received from grandchildren, great-grandchildren and nieces.

Smiling Blue Birds Elect Officers

The Smiling Blue Birds met at the Hut with their leaders, Mrs. C. H. Tugwell and Mrs. Bill Early. New officers for the next six weeks were elected.

Donna Early was elected president, Jacque Preiss, secretary and Sonja Williams, reporter.

Kelly Bradshaw was a guest at the meeting and is to be a new member of the group. Refreshments were served by Mrs. Sam Walker.

Mrs. Fred Carpenter Holds Workshop for Garden Club Meet

The Hamlin Garden Club meeting, held in the home of Mrs. C. F. Cook, featured a workshop conducted by Mrs. Fred Carpenter.

Mrs. Carpenter discussed the treatment of driftwood and its use in arrangements. She also displayed decorated bottles for accessories.

Visitors were Mrs. L. D. Ratliff and Mrs. Jack Reeder of Spur.

During the business session the following officers were elected: Mrs. LaFoy Patterson, president; Mrs. Richard Young, first vice president; Mrs. Tarlton Willingham, second vice president; Mrs. Joe L. League, recording secretary; Mrs. E. D. Moore, treasurer; Miss Len-

nie Greenway, corresponding secretary; Mrs. Glenn Simons, reporter; Mrs. B. H. Gardner, historian; Mrs. J. P. Morgan, librarian.

Mesquite District To Pick Scholarship Winner Monday

The executive committee of the Mesquite District, Texas Federation of Women's Clubs will meet at Abilene Woman's Club building in Abilene Monday, Jan. 18, to select the recipient of the \$100 Mesquite District Scholarship.

There are seven applicants for the scholarship, which is made possible by contributions of the 63 clubs in the 14 counties of Mesquite District. The fund makes it possible for some worthy student, enrolled in college, to remain in school.

Mrs. G. W. Kincaid Elected Camp Fire Leaders Chairman

Mrs. G. W. Kincaid was elected chairman of the Hamlin Camp Fire Leaders Association at the Jan. 5 meeting in the home of Mrs. Miller Harmon.

Other officers elected were Mrs. Charles Tugwell, secretary; and Mrs. Jerry Waggoner, reporter.

The secretary reported that \$75.28 had been made from the recent light bulb sale.

Discussion of improvements that need to be made at the Hut were discussed.

Present were Mes. W. L. Hunter, Jr., Bill Early, Gerald Young, Charles Watson, Tugwell, Waggoner and Doyle St. Clair.

Twinkling Bluebirds Visit Santa Fe Here

The Twinkling Bluebirds visited the Santa Fe Station last Tuesday and were taken on a tour of the depot, the roundhouse, the freight engine and the caboose.

The group included Connie Christian, Theresa Hambricht, Elaine Kelley, George Ann Pruitt, Luann Shira, Valinda Skaggs, Leigh Ann Vaughn, Jeri Ann Waggoner, Pamela Waggoner, and Cynthia Witt.

Others making the tour were Mrs. George Pruitt, Harold Pruitt, Mrs. L. L. Skaggs, Gouglas Skaggs, Elise Kelley, Susan Waggoner and the group leaders, Mrs. Parker Kelley and Mrs. Jerry Waggoner.

Discover the difference in the '65 Chevrolets (As different from other cars as they are from each other)

CHEVROLET—As roomy a car as Chevrolet's ever built. Chevrolet Impala Sport Coupe

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder room. The engine's been moved forward to give you more foot room. So, besides the way a '65 Chevrolet looks and rides, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CORVAIR—The only rear engine American car made.

You should read what the automotive magazines say about the '65 Corvair. They're wild about its ride. They think there's nothing else this side of the Atlantic that you just don't know what you're missing.

Drive something really new—discover the difference at your Chevrolet dealer's

RADIATOR REPAIRED & REBUILT DISCOUNT ON NEW CORES

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

AUSTIN — Surprises come fast and furious on the political scene in Austin.

First surprise of the new year was the resignation of veteran Railroad Commissioner Ernest O. Thompson.

Then came an even greater one.

Just as the Legislature was about to open and everything was in readiness under the old management . . . presently confronted with problems both old and new . . . Gov. John Connally named House Speaker Byron Tunnell to fill Thompson's old post.

Thompson, once the battling mayor of Amarillo and for more than 30 years a scrapper on the Railroad Commission, had been ill for many months. Only recently he had been moved from an Austin hospital to his home in Amarillo. He had two years yet to serve.

Tunnell is an East Texan. He's the first person from the East Texas oil area to serve on the Railroad Commission in 23 years. He was just beginning his third term as legislator from the Tyler-Kilgore region and expected to preside for a second term as House Speaker.

Immediately upon learning of Tunnell's appointment Rep. Ben Barnes of De Leon, Tunnell's first lieutenant during the 1963 session, began contacting Legislators about the speakership. Barnes already had announced as a candidate for the Speaker of the 1967 session.

Simultaneous with Barnes' race for the speakership were similar activities by other House members, either openly or behind the scenes.

This list included Henry C. Grover of Houston, Jack Woods of Waco, Paul Haring of Goliad, George Richardson of Fort Worth and Wilson Foreman of Austin.

There were several other potential candidates.

Long Session — Most observers feel the 59th session may run through the summer. Certainly it will dominate the 1965 Texas political scene.

These results seem likely: . . . Lawmakers will spend a record amount of money, much of it to uplift higher education. Budget proposals of both Governor Connally and the Legislative Budget Board awaited Senators and Representatives at their capitol desks.

... School teachers will get the \$45 a month pay raise they are asking. But they will have to figure out who is going to foot the bill.

... A few more exemptions are going to be removed from the state sales tax. Just enough to balance the budget, but not enough to hurt much.

... Commission on higher Education will be reorganized along lines recommended by Governor Connally. But the successor agency may not get all the power Connally would like it to have.

... Stormy hearings will be held over legalized horse race betting and sale of liquor by the drink. Both proposals may move farther than they ever have before. Maybe all the way.

... A congressional reapportionment bill eventually will be adopted. However, it's difficult to see any agreement on legislative redistricting.

... Other key issues which will occupy the 59th Legislature are statewide water planning and financing, oil and gas tract pooling, mental health and tuberculosis programs, criminal code revision, judicial redistricting, state property tax repeal, extension of the medical care for the aged program as authorized by constitutional amendment voted on November 3, equal rights for women, gasoline tax exemptions for municipal bus lines, and enlargement of state tourist and industrial attraction programs.

Gary Being Activated—Texas Educational Foundation selected Dr. Oscar J. Baker, superintendent of schools at Dickinson, as director of new Camp Gary Training Center near San Marcos.

First group of 37 teachers will arrive at the war-on-poverty training base by February 1. Then the first 300 students are due in March.

Base eventually will enroll 2,000 trainees in 45 vocational programs and basic education.

Courts Speak—Third Court

of Civil Appeals handed oyster fishermen another setback in their suit to keep shell dredgers a long way from live oyster reefs. Court agreed Austin trial court was justified in dismissing suit. This since law did not provide for appeal from decision of Parks and Wildlife Commission which permitted dredgers to operate within 300 feet of reefs (old limit was 1,500 feet).

State Supreme Court invalidated City of La Porte annexation ordinance taking in 12 square miles of land including City of Seabrook and proposed town of Bayshore, but held La Porte home rule charter constitutional.

Court of Criminal Appeals, which overturned first conviction of former Houston Probate Judge Clem McClelland for felony conversion, upheld the second. Court also affirmed bribery conviction of Houstonian involved in the same case.

Building Commission Switch—Governor Connally has yet to take a position on the Texas Research League's recommendation that he turn his job as a member of the State Building Commission to someone else.

But the other two commissioners have indicated they wouldn't mind giving up one job too many.

Commission administers State building construction and operation. This includes the State Capitol and the six buildings now in the Capitol complex. Also, others in Austin and over the State. Recently they recommended construction of another multi-million dollar State office building. Also a new mansion for the Governor.

But the Governor did not support the recommendation he helped make when he revealed his 1966-67 budget proposal.

League suggested that the Commission—now composed of the Governor, Attorney General and chairman of the Board of Control—be made over and instead be headed by three citizens appointed by the Governor and approved by the senate.

Atty. Gen. Waggoner Carr, who was relieved of some 15 extra board positions by an act of the 1963 Legislature, has indicated he'd be glad to give up another job that takes time from his big job as the State's attorney. Board of Control Chairman Charlie Coates of Chappell Hill says he'll do whatever the Legislature wants. But Connally's staff says the Governor hasn't made up his mind.

Highway Record — Before the end of 1965, Texas will have 1,623 miles of super roads.

Total interstate highway system designated for Texas is 3,025 miles.

California, heretofore the leader, has a designated interstate system of 2,173 miles. Interstate construction in Texas costs \$610,000 a mile, compared with about \$1,000,000 nationwide.

Water Changes Sought—Texas Research League has called for a switch in water planning functions from the Water Commission to the Water Development Board.

League seeks Commission's role as a water rights' administration agency.

Initial decisions on water supplies needed for the next century must be made within six years to assure Texas' continued growth and prosperity. So states the League in the first of a series of four reports following its two-year study.

League said the state must be prepared to finance "a reasonable share" of some \$4,000,000,000 in water development projects during the rest of this century. It recommends broadening the purposes for which state water development funds can be invested.

Commission "Stuck" With Oil Railroad Commission is having a difficult time getting rid of more than 167,000 barrels of oil, impounded because of illegal production. Some of it has been tied up since 1953.

About 70,000 barrels of this oil has been stored in Beacon Tanks in East Texas for close to 30 years. State can't find a buyer for it because Federal law prohibits the sale of illegal oil into interstate commerce, says Fred Young, attorney for the Commission.

Young said the counties have received some benefits from the

Commission's problem. When a well is shut down on an illegal production order, oil at the well is impounded in tanks at the well site. When oil operators want to use their tanks, the Railroad Commission will let them give the impounded oil to counties for road construction.

Compliance Pledged — State Board of Education voted 13-5 to comply with the 1964 Civil Rights law, a necessary ingredient for acceptance of some \$37,000,000 in Federal funds for public school operation.

But the Texas Commission on Higher Education, which will administer the new Federal college construction grant program, says it has not been requested to sign any such agreement.

Friendship HD Club Installs Officers

The Friendship Home Demonstration Club met at the Oil Mill Guest House for installation of officers, conducted by Mrs. B. H. Gardner.

Mrs. Elmer Joiner was installed as president. Other officers include Mrs. R. M. Young, vice president; Mrs. R. C. Ritchey, secretary; Mrs. E. G. Young, treasurer and Mrs. Noble Greer, council delegate.

Refreshments were served by Mrs. Carl Young to Meses. E. G. Young, R. E. Brewer, Jack White, J. E. McCoy, Norman Carlton, Gardner, Joiner and Alton Mayfield.

AVOID STRAY SHOTS WHILE HUNTING

AUSTIN, Tex. — To avoid being hit by stray shots while hunting, the Texas Safety Association advises hunters to keep out of the brush in heavily hunted country. A hilltop also can be especially dangerous. On high ground, stand in front of a tree or rock so that your silhouette won't invite another hunter's bullet.

AIRVIEW NEWS

By MRS. ELMER JOHNSON

Not much news has happened weather does.

At our way this past week, Mrs. Fred Rosenbaum has been on the sick list for the past two weeks, she was able to be out Sunday morning, but not Sunday night. Mr. and Mrs. Henry have both been sick the past week, they are feeling better, but still have to stay in, and those that know them know that is hard for them to do.

Winson Gray was taking quite a bit of ribbing Sunday, as he has a new John Deere 40-20 tractor. The men were all trying to borrow it or get him to come help them out with it. He admits things more sickness than cold that he is proud of it, but he

One Day in 1965 Texas Will Have Built More Miles Of Interstate Highways Than Most States Plan On

AUSTIN — One day in 1965 Texans will have another item for their celebrated grab-bag of brags.

On that day the Texas Highway Department will have built more miles of Interstate Highways than any other state even plans to build under the current Interstate program, excepting only California.

To put it another way, Texas in 1965 will have attained as many Interstate miles in about half the time as any other state, save one, will build in the Interstate program's entire 15-year construction-span.

Texas will arrive at this point, when some time in 1965, it will have opened 1,623 miles of Interstate Highways to traffic. That's the number of miles to

think he has all he can do at home with it.

The Fairview Church folks went to the Holiday Lodge Sunday afternoon for services, with twelve going. It is always a pleasure for our time to come to have the services, for we do enjoy the visit.

Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Winson Gray visited with Mr. and Mrs. Joe Ford Sunday afternoon. Mr. Ford seems to be feeling better, he was in church Sunday.

This reporter learned first hand Saturday night the horror of learning of a car wreck, to some of your family, when word came to Hamlin that a granddaughter, Kay McCoy of Hamlin, and Corky Taylor of Rotan had been in a bad wreck in Rotan. The first word received was to the effect that Kay was in a serious condition, but after seeing her, we found her to be in good condition having only received a painful injury to the back of her neck, some minor cuts and bruises. The boy had several stitches on his head and a painful back injury but X-rays showed no broken bones. Since he was home on leave from the armed forces in Puerto Rico, due to return Sunday, he was transferred to the Dyess Hospital, after spending the night in Rotan. A report of his condition has not been learned since he was carried there, at this writing.

Kay was transferred to the Hamlin Hospital Sunday at noon where she will only spend a short time, if nothing else shows up. The car in which they were riding, belonging to Kay, is a total loss. It was hit from behind inside the city limits of Rotan, one block from the hospital. After turing over several times it landed on the top, with both of them remaining inside.

After viewing the wreckage we know that only by a miracle were they both saved.

be built by 1973 by the state of the Texas Highway Department. Illinois, which ranks behind Texas and California in extent of its Interstate Highway system.

"In other words" says State Highway Engineer D. C. Greer, "it may be assumed that in 1965 Texas will have more miles of Interstate Highways open to traffic than any other state except California will build by 1973. And the Texas Highway Department will have achieved this mark eight years before the scheduled completion date of all the nation's Interstate highways."

Texas was pretty close to its new record at the end of 1964. On December 1, the Interstate Highway system under rubber in Texas totaled 1,372 miles. Of the total, 1,036 miles were complete to full Interstate standards while 336 miles were complete to stages adequate for traffic.

Moreover, 386 miles of Interstate Highways were under construction to full Interstate standards, while 108 miles of I. H. routes were under "stage" construction.

The total Interstate Highway system designate for Texas is a superhighway grid of 3,025 miles. California has a designated Interstate system of 2,173 miles of which 854 were open to traffic on October 1.

Texas has built more Interstate Highway miles than any other state. What's more, it has built them cheaper. Interstate construction cost in Texas averages about \$610,000 a mile, vs. about \$1 million a mile nationwide.

In all, during the first 11 months of 1965, Texas added about 110 miles of Interstate Highways (complete to full standards) to its highway system, generally acknowledged the nation's finest as well as its most extensive.

On other highway fronts, too,

Highway system in first-class

shape. Present inventory value of taxpayers' investments in the system stands at about \$3.5 billion, not including right of way.

7. During 1964 the Texas Highway Department completed the nation's first Urban Transportation Plan to qualify a metropolitan area for future federal highway aid—and, incidentally, to help unsmother city traffic jams before they get started. The comprehensive, minutely-detailed plan for Corpus Christi foreshadows a total of 19 such plans to be completed by the Department in 1965 for the 22 scattered metropolitan areas of Texas, which has more such areas, and in greater diffusion than any other state.

8. In 1964 the Texas Highway Department continued to give Texans more mobility per tax dollar. About 92 cents of every Texas highway income dollar

THE TEXAS HERALD

Hamlin, Texas, Thursday, January 14, 1965

went for construction and maintenance of roads, the remainder going for equipment, support, research and administration.

(Among all states, 63 per cent of highway funds are spent for construction; in Texas, this figure is 78 per cent. Highway maintenance averages 25 per cent of total expenditures among all states. In Texas it averages just 15 per cent.)

9. At year's end, there were 5.7 million vehicles with "1964" Texas license plates. Moreover, the Highway Department predicted vehicle registrations for Texas would hit the 6-million mark before the end of 1964 registration year which closes in April, 1965.

10. The Texas Highway Department resolved a New Year

of expanded mobility for Texans in 1965. And it had laid money on the line to assure the keeping of its New Year's resolution.

As 1965 got underway, the Highway Department had obligated more than \$1 billion for construction and improvement of the 66,000-mile Texas highway grid.

It looked like a happy New Year for those who travel Texas highways.

Mr. and Mrs. Hilton Hudspeth of Fayetteville, Arkansas, visited his mother, Mrs. Joe Hudspeth, Sr., at Holiday Lodge during the week end. They were house guests of his brother and family, Mr. and Mrs. Joe Hudspeth, Jr., and Glenda.

Call your news to the Herald.

Thank You

We want to express our appreciation to the citizens of this community for the gifts, visits and many other kindnesses shown residents in HOLIDAY LODGE not only during the past holiday season, but throughout the year. Through your thoughtfulness you have added happiness to the daily lives of our residents.

School Dropouts Face Many Employment Problems Ahead

COLLEGE STATION—Some comparisons of the labor force status of young men 18 to 24 years dramatically illustrate the problem of school dropouts, says Mrs. Eula J. Newman, Extension home management specialist.

The plight of the rural school dropout compared with that of high school graduates was especially apparent in occupational roles, the Texas A & M University specialist noted.

Labor force comparisons nationally show that:

1. Seventeen per cent of those with less than nine years of school were neither working nor looking for work.
2. More urban and rural graduates than dropouts were in white collar jobs.
3. Rural - farm dropouts with the least education were concentrated in farm occupations.
4. Unemployment was less prevalent among graduates than dropouts.

A national study also showed that about one-third of the males 18 years old and over with a farm background were white collar workers, compared with about half of those who had no farm background.

About one-third of the rural high school graduates and one-half of the urban graduates in 1960 enrolled in college. Higher rates of rural school dropouts, lower scores in aptitude tests, lower salaries and fewer facilities are among factors putting rural schools at a general disadvantage, the study showed.

The outlook for rural youth in the future includes: The importance of social and economic influence on education opportunities must be considered, for the most desirable and best paid occupations generally are in urban areas. The number of farms will continue to decline, along with employment on the farm. Rural residents from 14 to 24 years of age likely will need 1.1 million new jobs by 1970—thus, education beyond

PIPER PATTERN—
HHS Students Face Mid-Term

—By—
NANCY FORD
CAROLYN REYNOLDS
MAROLYN REYNOLDS

Dead week! Yes, that's what it's called in college! The week of exams, and oh, the week when students develop a coffee drinking habit. Oh, let's not exaggerate. It's really not that bad although mid-term examinations do begin Thursday and unluckily some students will have to cram. Those students can be called procrastinators, people who continually put things off. Yes, at times students just can't be told; they have to learn for themselves. That party, date or the TV program doesn't seem so important now—that is when the student admits that teachers and parents have had experience; they know. "Learning is fast forgotten when cramming

replaces study."

—hhs—

Pick a number, any number, but Saturday, January 9, six was the lucky number! Three seniors, two juniors and one sophomore of the Piper Band took chairs in the 105 piece T. M. E. A. all-regional band. These students were Jack Townley, B flat clarinet; Mary Lois Patterson, flute; Carolyn Reynolds, alto saxophone; Margie Young, oboe; Jimmy Hawkins, tenor saxophone and Gary Hester, bass. These six students presented a concert for the completely filled Radford Auditorium, Saturday night at 7:30 p. m.

—hhs—

Yes, on with the coat, out the door and to the gym—that happens about twice a week to every supporter of our basketball teams! Only this week there are three different nights of vigorous excitement. Monday night the A and B girls played Colmen. The A girls came out on top, 35 to 30; while the B girls were beaten, 38 to 19.

And now out with the old mixing pot. Friday night combining is the word, and both the girls and boys journey to Ballinger.

\$168 Million New Telephone Construction for Texas in 1965

Continuing improvements in telephone system will make your service even more dependable and valuable

Telephone service in Texas ranks with the world's best. It always has. Even so, in 1965 Southwestern Bell will spend another \$168 million to make it better still. This construction program is the biggest in history. It is necessary to provide for the growing telephone needs of Texas.

But it's more than that.

It also is an intensified effort to make even better the service you already have, whether you live in a big city, a small town, or on a farm or ranch.

Our objective is to make your telephone service more useful, dependable, convenient and valuable than ever before.

Texans will also benefit economically from this telephone construction program. Because hundreds of individual projects reach into virtually every community served by Southwestern Bell, the economic impact will be significant and widespread.

New jobs will be created. We expect to add 500 new telephone jobs in Texas in 1965 — bringing to 25,000 the number of people on our payroll in Texas.

But more important will be the economic boost for the hundreds of Texas firms which sell supplies, services and materials to the telephone company.

Here are some of the things we'll do in 1965 to make your telephone service better

- NEW STORMPROOFING**
In 1965, we'll put more than 500 additional miles of telephone cable underground, because that's the safest place for it. Safe from wind, rain, hot weather, cold weather, stormy weather. This will add to the dependability of your long distance service.
- DDD IMPROVEMENTS**
For those customers who have Direct Distance Dialing, service will be faster and easier than ever before. Complex new testing and trouble-reporting equipment is being built into the system to help maintain the quality of transmission and quickly trace and remedy problems that might affect your service.
- NEW BUILDINGS, WORK CENTERS**
Southwestern Bell will erect 15 new buildings in Texas in 1965. The largest will be the new \$13 million South Texas headquarters building in Houston. Other new telephone buildings will be erected in Amarillo, Midland, Dallas (two buildings), San Antonio, Beaumont, Rosenberg, Cleveland, Waco, Pasadena, and a three-building complex in northwest Houston. Additions are planned for telephone buildings at Fort Worth, Dallas, Amarillo, Forney, Monahans and Houston. Also, 16 new installation, repair and construction centers will be built across the state.
- NEW MICROWAVE MAGIC**
The magic of microwave will provide thousands of new voice ways for long distance calling in Texas this year. For example, new systems will link Sweetwater and San

- Angelo, Fort Worth and Waco, Houston and Beaumont. Via a network of such microwave antenna towers and transmitting stations, your phone calls are relayed from point to point with the speed of light.
- WE** are looking ahead to another year of telephone progress in Texas in 1965:
 - Your telephone service will be a better buy, dollar for dollar.
 - Texans everywhere will benefit from the surge of new dollars, created by our expansion program, into the state's economy.

County Livestock Show To Be Held Saturday

The annual Jones County Livestock Show will be held in Stamford this Saturday with judging to start at 9 a. m. at the Texas Cowboy Reunion grounds.

The Hamlin FFA boys are expected to make a strong showing in the Breeding Beef Cattle division with five entries, several of these will be animals that were bought in the Hamlin Board of Community Development's beef breeding program.

The local FFA boys are expected to be strong again this year in the Capon division and the Broiler division. They will also have a strong entry in the Swine divisions.

Piperettes Down Coleman Monday

The Piperettes defeated the Coleman girls here Monday evening, 35-30.

Judy Jenkins was high point with 20 points, 16 of which were made in free throws. Kay Hodnett made 8, Margaret Cooper, 5 and Pauline Lakey, 2.

The Coleman top scorer was Janie Streetman with 22 points. Coleman had maintained an average of over 40 points this season.

The defensive girls were outstanding at Winters Thursday evening, holding Winters to 36 points. They also had been averaging over 40 points per game. Final score was 36-34. Coach Dan Trueblood said the guards have done a good job during the last two games with Glenda Hudspeth being the most improved girl in the Winters game.

Starting guards are Glenda, Donna Compton and Linda Bailey.

Paul Wade Griffin Dies in Stamford Hospital Sunday

Paul Wade Griffin, 46, of Fort Worth died at the Stamford Hospital at 8 a. m. Sunday from an apparent heart attack.

He and his family were visiting his wife's parents in Stamford when he suffered the attack and was taken to the hospital.

Mr. Griffin, an engineer with A. Briggs Co., in Fort Worth, had lived there six and one-half years.

Born Aug. 22, 1918 in Hubbard City, his parents are Mrs. J. W. Griffin, and the late Rev. Griffin. They moved to Hamlin when Mr. Griffin was a young child.

He was married to the former Obera (Pat) Rush here Feb. 19, 1946.

He was a member of the Baptist Church and V. F. W. Services were held at the First Baptist Church Tuesday at 10:30 a. m. with the Rev. Byron Brant, pastor; Rev. James Wood, pastor of Central Baptist Church in Aspermont; and Rev. Temple Lewis, pastor of Trinity Baptist Church of Stamford.

Burial was in Hamlin East Cemetery.

Survivors include his wife; his mother, Mrs. Eula Griffin, of Waco, formerly of Hamlin; three sons, George Paul, Ricky Bob, Thomas Rush, all of Fort Worth; two daughters, Alicia Diane, Alana Paulette, of Fort Worth; three brothers, John of Waco, Thomas of Dallas, Leroy of Lone Star; one sister, Mrs. D. A. (Iva) Brown of Hamlin. Nephews were pallbearers.

Bookkeeping Class To Start Monday

The first meeting of the adult bookkeeping class will be held in the high school cafeteria from 7 to 9 p. m. Monday, January 18.

The tuition will be \$15, with the cost of textbook workbook, and other supplies being extra. The books will be \$5 or more depending on the transportation charges.

All those interested in taking the course may register at the initial meeting Monday evening.

Trophies for the show are donated each year by various organizations and firms from over the county. Trophies furnished locally are Fat Steers, Hamlin Rotary Club; Fat Swine Hamlin Lions Club; and Rabbits, F and M National Bank.

The Entries for the show include: Fat Steers 19, 3 from Hamlin; Commercial Steers 34,

Pipers Edged by C-City, 60-59; Play Ballinger Friday

The Pipers slipped back into a tie with Anson for third place in the District 5-AA race here Tuesday night when they were edged by Colorado City, 60-59. Winters leads the district race with a 4-0 record, followed by C-City with a 2-1 record.

Hamlin and Anson each have a 2-2 record as the first round of play nears the end. The Pipers will travel to Ballinger Friday and then will complete the first round Tuesday night here with Anson.

Mike Shivers led the scoring here Tuesday night with 29 points and C-City's David McKay netted 19. James Ledbetter hit 15 for the Pipers and Robert Pearce connected on 10.

Colorado City won the B game, 45-30, with Joe Adams scoring 9 for Hamlin.

Kay McCoy, Injured Saturday in Rotan Wreck, Recovering

Kay McCoy, daughter of Mr. and Mrs. J. E. McCoy, is still a patient in Hamlin Memorial Hospital being treated for injuries received in a two car accident in Rotan Saturday evening.

Miss McCoy received bruises when the car she was riding in with Carlton H. Taylor of Rotan was hit from behind. Both were treated at Callen Hospital in Rotan Saturday night and Kay was transferred to Hamlin and Taylor was taken to Dyess Hospital Sunday.

Taylor, stationed with the Air Force in Puerto Rico, was on emergency leave because of the death of his father, Sam Taylor, last month. He was due to return to duty Sunday. He received cuts about the head and is reported to be improving. He was not believed to be seriously injured.

The car which belonged to Kay was a total loss.

Mrs. Lydia Withers One of First to Draw Social Security

Mrs. Lydia Withers, 92, is one of three persons in the area served by the Abilene office of the Social Security Administration who were among the first to receive a benefit check in January, 1940, the first month such were payable.

In 1940 103 persons established eligibility and only three survive.

Mrs. Withers gave up several checks when she returned to work and forfeited her benefit checks for seven months. In the early 1940's the beneficiaries were allowed income of only \$14.99 per month.

Mrs. Withers has been paid \$7,712.80 at rates from \$13.60 per month to \$41.00. She gave written permission for publication of her story.

Former Resident Dies at Midkess

Mrs. Willie Lee Shields, 44, a former Hamlin resident, died at her home in the Sohio Camp at Midkess Friday, Jan. 1. Funeral was held Jan. 3 in the Midkess First Baptist Church with burial in Atoka Cemetery near Novice.

She lived in Hamlin from 1941 to 1961 when she moved to Odessa.

She is survived by her husband, her mother, three sons and two grandchildren.

Cattle 32, 5 from Hamlin; Dairy Cattle 11; Breeding Swine 58, 11 from Hamlin; Fat Swine 76, 20 from Hamlin; Breeding Sheep 14; Fat Lambs 20, 3 from Hamlin; Capons-Individual 16, 6 from Hamlin; Capons-Pen of three 5, 2 from Hamlin; Broilers-Pen of three 52, 28 from Hamlin; Rabbits-Doe and Litter 1; Rabbits-Fryers 7, 1 from Hamlin.

The judges for the show are: Beef Cattle - Lawrence Winkler, Shackelford County Agent from Albany; Dairy Cattle and Sheep-Max Stuart, a Rancher from Roby; Poultry - Marvin Webber of Power Feeds in Abilene; Swine-J. C. Heald, a swine breeder from Anson, and Rabbits-Byron Wilsin from the Tornado Rabbit Ranch, Abilene.

Pat Blankinship Said to Be Doing Fine; on Crutches

A very favorable report from Pat Blankinship was received here Tuesday evening when C. S. Newberry of Houston called his brother, B. V. Newberry. He had been to visit Pat Tuesday and said she was walking with her crutches down the hall and that she looked real good.

He also mentioned that she seemed anxious to return home and was in good spirits.

It was thought that she would get to return home this past week end but the latter part of the week it became necessary for her to remain for further care.

Friends from Hamlin have been very concerned about Pat and are looking forward to her return home.

Darwin Barnes, manager of Rogue Theater, announced this week that a benefit show had been scheduled for Wednesday, Jan. 27. Proceeds will go to the Pat Blankinship Fund.

The fund started for Pat has increased this week to \$1,046.81.

Singing Sunday

The Jones - Fisher County singing will be held Sunday at 2 p. m. at the Foursquare Gospel Church, according to D. L. Cohorn, chairman of the monthly event.

Cohorn said this week that a large crowd was expected and everyone who enjoys good singing is invited to attend.

Mr. and Mrs. Leroy Williams of Hamlin are the parents of a girl born Jan. 9, at 11:37 a. m. She weighed 8 lbs. 14 oz., and was named Sherry Lynn.

First County Soil Fertility Day To Be Held in Stamford Tuesday

The first Jones County Soil Fertility Day will be held in Stamford on Thursday, January 21st according to Jones County Agent, Kirby Clayton.

The Soil Day, sponsored jointly by the Extension Service and the Fort Worth - Denver Railway, will be held in the Roundup Hall on the Stamford Cowboy Reunion Grounds in Stamford beginning at 9:45 a. m. Birger Haterius, chairman of the Jones County Extension Program Committee is in charge of arrangement and facilities and will be Master of Ceremonies for the special event.

The program will include five outstanding speakers in the field of soils, soil testing and fertilization, cow and calf pro-

Six Piper Band Students Named to All-Regional Band

Six high school students, members of the Himlin High School Band, were selected to the T. M. E. A. All-Region Band last Saturday in Abilene. Selected were Jack E. Townly, Jr., Carolyn Reynolds, Mary Lois Patterson, Gary Hester, Jimmy Hawkins and Margie Young.

After extensive competitive tryouts during the morning, those selected as members rehearsed during the afternoon in preparation for the concert given that night in Radford Auditorium.

One of the eight numbers on the program, "First Swedish Rhapsody", was directed by the Hamlin director, Tim Jones.

.15 Inch Rain Here

Rainfall here last Friday night and early Saturday amounted to .15 inches. There was sleet and some reports of small hail.

duction and maintenance, steer feeding operations with "All Concentrate - Ration", livestock outlook information and other information in the field of Agriculture production and management.

The program has been planned to cover all phases of Agricultural Production, says Clayton, and all farmers, ranchers and business people are urged to attend.

The meeting will be opened with an invocation by the Rev. H. B. Haterius, pastor of Bethel Lutheran Church, Ericksdahl. The group will be welcomed by Mayor Rowland Kelly of Stamford.

Speakers will include Dr. Alex Pope, main speaker; Paul Marion, supt. of Texas Agriculture Experiment Station; John McHasey, extension economist, Texas A&M University; Don McGinty, Texas Agri. Experiment Station, Spur; Roy McClung, Baylor County Agent, and J. L. Hill, Stamford Production Credit Association.

Marion, who will speak on cow-calf operations at the Spur station, is responsible for the supervision of research at Spur and on the Throckmorton ranch unit relating specifically to beef cattle production.

Mr. McHasey will discuss the livestock outlook as it relates to economic trends affecting agricultural prices.

Bridge Winners

Gene Knebel and Dale Lain were first place winners in the Tuesday night session of the Duplicate Bridge Club.

Mrs. W. O. Willbanks and Preston Morrow of Rotan were second and Mrs. Preston Morrow and Mrs. Ava Young were third.

The club meets every Tuesday night at 7:30 p. m. in the Oil Mill Guest House.

County Rejects Request For Rural Fire Assistance

Jones County Commissioners Court in a session that considered an unusually large amount of business, Monday rejected plea of the City of Hamlin for financial aid in fighting rural fires.

"We simply do not have the money to take on anything like this," Commissioner Johnny Agnew said. "If we were to pay Hamlin we would have to pay Stamford, Anson, Leuders, Abilene, Merkel and Tye. We just can't do this."

Mr. Agnew offered the suggestion that he could convert one of his trucks which has got-

ten too old for hauling gravel into a water truck and this could be equipped with a pump and could be made available for fighting rural fires.

He asked that the county at-

ten too old for hauling gravel torney check to see if this would violate any law.

"I could take the truck anywhere in the precinct or I would furnish the fire department with a key and they could take it," he said. Although it was not specifically mentioned, it was presumed the truck would be kept at the county yard. Some times it would be used in wetting down newly gravelled roads.

Commissioner J. E. Touchstone, in Precinct 4, already has a truck equipped in this manner and it has proven of value in fighting grass fires, it was brought out.

Judge Leon Thurman also reminded that the Anson Volunteer Fire Department had purchased an old truck and were making it ready for fighting rural fires. They had asked that the county make a donation. The commissioners suggested that it might be better if this be handled on a personal basis, with each possibly making a donation.

WESLEY NAIL
... new BCD president

Only 4 County Funds End Year With Deficits

Only four Jones County funds closed out 1964 with deficits, County Auditor Carl Savage's report to the commissioners court Monday showed.

By far the largest of these was the officer's salary fund which represents fees collected by the various offices. This fund showed a deficit of \$27,029.82.

The county law library fund with but \$277.15, was the other county-wide fund in the red.

Road and Bridge fund for Precinct 2 showed an overdraft of \$9,303.40, while the same fund for Precinct 3 was in the red by \$191.26. Both of these precincts are solvent when funds from the lateral road funds are considered. In Precinct 2 this fund has \$9,733.64, while in Precinct 3 it amounts to \$7,691.70.

Commissioner Tom Boyd of Precinct 2 said this week that he is getting his equipment in good shape and he expects to "get caught up" this year.

"I have gotten almost all the people in my precinct out of the mud by graveling about 100 miles of roads. This is an expense that I will not have to face again," Mr. Boyd said.

When he took office, Mr. Boyd's accounts were approximately \$15,000 overdrawn.

Franklin Ervin, 75, Dies Here Sunday; Rites Held Monday

Services were held here Monday at 2:30 p. m. in the Foursquare Gospel Church for William Franklin Ervin, 75, a resident of 1112 South Central for the past two years.

Mr. Ervin died at 4 a. m. Sunday at Hamlin Memorial Hospital.

Born Dec. 18, 1890, in Bosque County, his parents were Mr. and Mrs. T. J. Ervin. His wife, Jane Josephine, whom he married Aug. 8, 1923, preceded him in death.

He was a member of the Foursquare Church where services were conducted by the pastor, Rev. Spencer L. Liles. Burial was in Hamlin East Cemetery.

Survivors are a daughter, Nellie, and a sister, Maggie Watkins of Hamlin.

Pallbearers were A. N. King, L. L. Skaggs, A. G. Miller, Ronald Goodgame, J. C. Bailey and Cecil Woodruff.

80 Needy Children Received Toys from Camp Fire Project

Mrs. Miller Harmon, chairman of the Camp Fire and Bluebird girls committee which sponsored the drive for toys for needy children, has reported that the toys were distributed to parents of about 80 children.

Mrs. Harmon is expressing her thanks to all those who made the drive a success by their contribution of toys, and help in dressing dolls.

A special thanks is extended to Mrs. Erma Wallace, school nurse, Mrs. Fred Smith, principal of primary school, and Henry Albritton, who furnished the building used as headquarters for the project.

Committees Named for Annual BCD Banquet Set for Friday, Jan. 22

Wesley Nail will assume the responsibilities of president of the Hamlin Board of Community Development at the annual banquet scheduled at 7:30 p. m. Jan. 22 in the high school gymnasium.

Other officers accepting the duties of their respective offices will be Lewis Madden, first vice president; James Rodgers, second vice president; Ernest Williams, third vice president and W. T. Johnson, treasurer. Mrs. Ned Moore is full-time secretary.

New directors are C. Weldon Griggs, John V. Howard, Jr., W. T. Johnson, Elbert Payne, Jerry Williams and Milburn Wink.

Speaker for the banquet will

be Dr. Charles W. Jarvis, a dentist from San Marcos, who has gained increasing popularity as a speaker. He is a speaker for Knife and Fork Clubs of America, Inc., on the national circuit and is a member of American Medical Association's Speakers Bureau.

C. F. Cook is general chairman. The decorations are being done by the Hamlin Business and Professional Women's Club with Miss Lonnie Grenvay, president, as chairman.

T. C. Blankinship Donley Williams, Milburn Wink and B. V. Newberry are in charge of food arrangements.

Edgar Duncan, James Rodgers and David Casey are in charge of ticket sales. Tickets are \$2.50 per plate.

Ticket sales at the door will be handled by B. O. Bell, Rodgers and L. J. Cunningham.

On the arrangement committee is Dewey Nunley and Cunningham.

The reception committee includes Casey, Nunley, Duncan and Joe Ford.

Mrs. B. O. Bell, Mrs. James Rodgers and Mrs. L. J. Cunningham will preside at the registry.

Entertainment will be the Hamlin Stage Band, under the direction of Tim Jones.

Religious Census To Be Taken Here

A religious census is being taken this month by the Hamlin Ministerial Alliance, according to a spokesman for the group, Rev. Royce Womack.

Plans for the census were made at a meeting Wednesday morning.

Eighth Grade Girls Win Anson Tourney; Jr. High Opens District

The Hamlin Junior High School eighth grade girls won first in the Anson Junior High tournament this weekend. The girls defeated Merkel 18-17 to win first place. The team received a silver trophy and each girl a blue ribbon.

The boys lost the consolation game to Merkel.

Thursday the Junior High teams open district play at Anson. The seventh grade boys play at 6 p. m., followed by the girls at 7:30 p. m.

The game will be the eighth grade boys at approximately 8 p. m. The teams are coached by Grady Allen.

The three teams then travel to Albany Tuesday, Jan. 18.

Members of the girls squad are as follows: Jane Hymer, Shirley Phelps, Patti Murphree, Pat Perrin, Patti Murphree, Marilyn Fudge, Sheree Nail, Rhea Sue Vaughn, Clara Crabb.

Beth Craig, Debra Scarborough, Linda Nichols, Patty Cowan and Jill Maberry.

The eighth grade boys team is as follows: Peter Camacho, Milbourne Newland, Ernest Ledbetter, Jackie Don Williams, Marshall Bond, Donnie Smith, Hollis Stephens, Ricky Chandler, Sammy Bond, Roy Pritchard, Gil Lain, Joey Duncan and Steve Feagan.

Members of the seventh grade boys team are as follows: Charles Shire, Billy Hobert, Mike Owen, Gary Smith, Hector Ortona, Charles Pearce, Gary Don Mayberry, Davis Weaver, Britt Thompson, Spencer Ford, Jimmy Rogers, Jim Parramore, Russell Willingham and Gary Ledbetter.

The seventh grade travelling squad will be limited because of the number of teams that travel. More seventh grade players will suit out at home than away.

Cotton Growers Face Huge Carryover, Says A & M Specialist

COLLEGE STATION — Cotton growers of Texas and the nation will add an estimated 100,000 bales to the carryover on August 1, 1965. This, points out John G. McHaney, Extension economist, Texas A & M University, will bring the national carryover to an estimated 13 million bales, the largest since the record carryover of 14.5 million bales in 1956.

And, continues the economist, the large 1964 crop will likely offset the high disappearance expected during the period from August 1964 to July 31, 1965.

Lower net costs of upland cotton to domestic users, resulting from legislation enacted last April, were cited as contributors to the expected domestic use of 9.7 million bales during the present crop year of 1964-65. This is 1.1 million bales more than were used in 1963-64 and the largest domestic usage since 1950-51.

Per capita mill consumption of cotton for 1964 has been up about 5 per cent from 1963. But, points out McHaney, cotton's share of

the total fiber consumption showed a slight decline to a low of 55 per cent.

U. S. exports of upland cotton for the 1964-65 season are expected to total 5.2 million bales, compared with 5.7 million for the 1963-64 season but above the average for the past four years. McHaney believes exports will hold at the high level due to the continued upswing in foreign free world consumption. But, he adds, foreign free world cotton production for 1964-65 set a new record and thus, will make more competition for U. S. producers.

Farm prices for cotton in recent months have been trending downward to reflect the 25 cents per pound reduction in the 1965 support price. For the 1965 crop, the basic support price for middling 1-inch cotton, gross weight, at average location is 29 cents per pound. Farmers who plant within their domestic allotment will be eligible to receive an additional payment of 4.35 cents per pound on their farm's normal cotton yield, as determined by the

Cisco Jr. College Offering Technical, Vocational Program

CISCO — Three new full-time programs will be inaugurated by Cisco Junior College Technical - Vocational School as the spring semester opens on February 1, 1965, according to an announcement by President G. C. Hogue.

Registration for the semester has already started, and prospects are good for the spring enrollment to exceed 450 students. Mr. Hogue said.

The new programs are: Industrial Drafting Technology, Industrial Engine Technology, and Industrial Welding Technology. Director L. E. Jenkins of the Technical - Vocational School said that each program would require four semesters or two years for completion and an Associate of Science degree.

The college will have fully equipped shops in readiness for the engine and welding courses, Mr. Jenkins said. The drafting courses now being offered will be expanded for the new program, he added.

Eligible for the new programs are students or individuals of at least 18 years old with a high school education or the equivalent. High school drop-outs or those who have not been able to continue their high school education will be accepted on approval for certain phases of any one of the technology programs, according to Mr. Hogue.

Approximately 100 jobs for students in the programs are tentatively planned on the campus of the college, Mr. Hogue said. These will be under the College Work-Study Program of the Economic Opportunity Act. This means that students needing financial assistance may work while attending school and meet the majority of their total expenses, Mr. Hogue explained. This will include room and board, he added.

In addition, CJC has National Defense Student Loans available to students, Mr. Hogue said. The college offers a fully accredited program leading to degrees in virtually any field.

The Technical - Vocational School also has started enrolling students for the Electronic Data Processing program for the spring semester. Anyone interested in the Technical-Vocational programs or in the regular academic courses was invited to visit or write the Registrar, or Technical-Vocational School Director at Cisco Junior College.

Table Available for Texas Sales Tax for Income Tax Deduction

Texas taxpayers may use a state sales tax table as a guideline when filing their 1964 federal income tax returns. Ellis Campbell, Jr., District Director of Internal Revenue said the table is now available.

The table shows the average amount of state sales tax paid by Texas residents and may be used by taxpayers who itemize their federal income tax deductions. Similar tables have been prepared for 36 other states and the District of Columbia.

For the first time since 1960 when the tables were originally issued there has been a general revision of the amounts. Mr. Campbell said. The latest tables are based on summary data showing the patterns of consumer expenditures developed by the Bureau of Labor Statistics from a 1960-61 study. Previous tables were based on a 1950 study.

Prior to this, tables were revised only to reflect changes in sales tax rates or the commodities covered by the particular state's laws.

The recent study shows that household operations, property taxes, medical care, personal

care services, education, and insurance have, for the most part, comprised a larger part of the total consumer expenditures in 1960-61 than they did in 1950. These items are not usually subjected to state sales taxes.

The new tables omit the state sales tax on automobiles purchased, thus providing a uniform treatment of this item for all states. Now taxpayers who purchase an automobile may add the sales taxes paid on the purchase to the amount shown in the table.

Internal Revenue reminds taxpayers that these tables are not required to be used. They are furnished as a guide for the convenience of taxpayers who itemize deductions on their federal income tax returns but who wish to use a "standard" amount for state sales tax which will not require detailed substantiation. Taxpayers have the choice, of course, of deducting the actual amount of state sales taxes paid.

OLD GLORY ...

By JUDY WHITE
Delta Kappa Gamma Meets
Beta Chi Chapter of Delta Kappa Gamma held its first meeting of the year Saturday at 2:30 p. m. in the Old Glory School cafeteria.

Old Glory members were hostesses for teachers from Haskell, Knox, Throckmorton and Stonewall counties.

Mrs. Maxine Klump was program director. Munday High School students presented a cutting of Shaw's "Pygmalion", under the direction of Mrs. Alice Partridge.

February will be Scholarship Month, according to Mrs. Thelma Smith, president of Beta Chi Chapter.

The next meeting will be held in Knox City High School Library on February 6. The topic for that meeting will be "Japan, a Nation of Tradition and

Westernization". A food and "White Elephant" sale will also be held at that time.

L. South attended the Conference on Education sponsored by The Texas Education Agency in Austin on January through 8.

Mrs. Ben Klump was a patient in the Stamford Hospital for several days last week. She returned home on Saturday.

Members of the Junior Class are selling tickets for a Pan-cake supper to be held in the school cafeteria the night of the Old Glory-Rule basketball game here on January 22.

Mr. and Mrs. B. R. Johnson accompanied their son, Major Glen T. Johnson, his wife and children of Wichita Falls to Garden City last week end to visit with their other son and his family, the Richard Johnsons.

Rain fall in Old Glory measured 8 of an inch last Friday night, 7 was reported in the Mt. Zion community, south of Old Glory.

Old Glory girls won first and the boy's team took consolation at the Jayton Invitational basketball tournament last week.

On the first day Guthrie won over Old Glory boys, 41 to 36. Jerry Hahn was high point for Old Glory in that game with 20 points. Dennis Ratliff sank 17 points for the winners. On Saturday, Old Glory boys slipped by Patton Springs, 40-35 for the consolation trophy.

In the girl's division Old Glory won over Guthrie, 37-26, on the first day when Stephanie Letz and Fracell Boles each scored 14 points for the winners. The next day Old Glory girls downed Turkey, 39-23. Stephanie Letz was high with 18 points. Finally, to win the first place trophy Old Glory girls downed Jayton, 49-29. Nancy Vahlenkamp and Carolyn Sander paced the winners with 23 points each.

Old Glory teams play their first Conference Game at Paint Creek next Friday night.

DAVID L. BROWN GETS PROMOTION

U.S. Army, Europe — David L. Brown, son of Mr. and Mrs. L. C. Brown, Sylvester, was promoted to specialist four in Germany, Dec. 18, where he is assigned to the 485th Preventive Medicine Unit.

Brown is a preventive medicine specialist in the unit near Stuttgart. He entered the Army in September 1963 and completed basic combat training at Fort Polk, La.

The 23-year old soldier was graduated from Roby High School in 1958 and from Sul Ross State College, Alpine, in 1963.

HOSPITAL NEWS

RESIDENTS

Residents of Holiday Lodge as of January 11 are as follows: Mose M. Duke, Sam Redus, Mrs. Maggie Metcalf, Aspermont, Mrs. Mattie Free, Sylvester, Mrs. Estella Tumlinson, Mrs. C. A. Russell, Mr. J. B. Roach, Jayton, Mrs. W. A. Albritton, Mrs. Nancy Harless, Mrs. Minnie McNeely, Mrs. J. W. Wright, Mrs. Annie Smith, Sylvester, Mrs. Bertha Stapler, Sweetwater.

Mrs. S. A. Buntin, Mr. John Spratlan, Mr. Cecil Woods, McCaulley, Mr. C. P. Burnett, Mrs. Minnie Shepherd, Turkey.

Mrs. Ona Metcalf, Aspermont, Mrs. Essie Aycock, Aspermont, Mrs. Joe Hudspeth, Sr., Stamford.

Cooling Sensation
If you have no cool water in camp, you can achieve the same effect by chewing a peppermint lifesaver, then drinking the water. Gives a cooling sensation.

Mrs. L. Y. Moore, Mrs. Earline Wilson, Kay McCoy, Mrs. S. J. King, Mrs. Tom Matthews, Mrs. Royce Eaton, Mrs. J. L. Kennedy, Mrs. Lizzie Dansby, Mrs. W. L. Meeks, Mrs. H. H. Ray, Mrs. D. A. Ulmer, Mrs. A. Romero, Mrs. Jack Russell, J. M. Amerson, George Ashburn, Mrs. Ella Pilcher, Mrs. Bill Scott, J. W. Rollins, Mrs. W. L. Hunter, Jr., Mitzie Hunter, Mrs. Ira Green, Anna Bookman, Joe Rimes, Mike Rimes, Mrs. R. S. Waldon, Amy Boils, Mrs. J. D. Clay.

BUY SUPER-TORQUES TODAY! START SAVING TOMORROW!

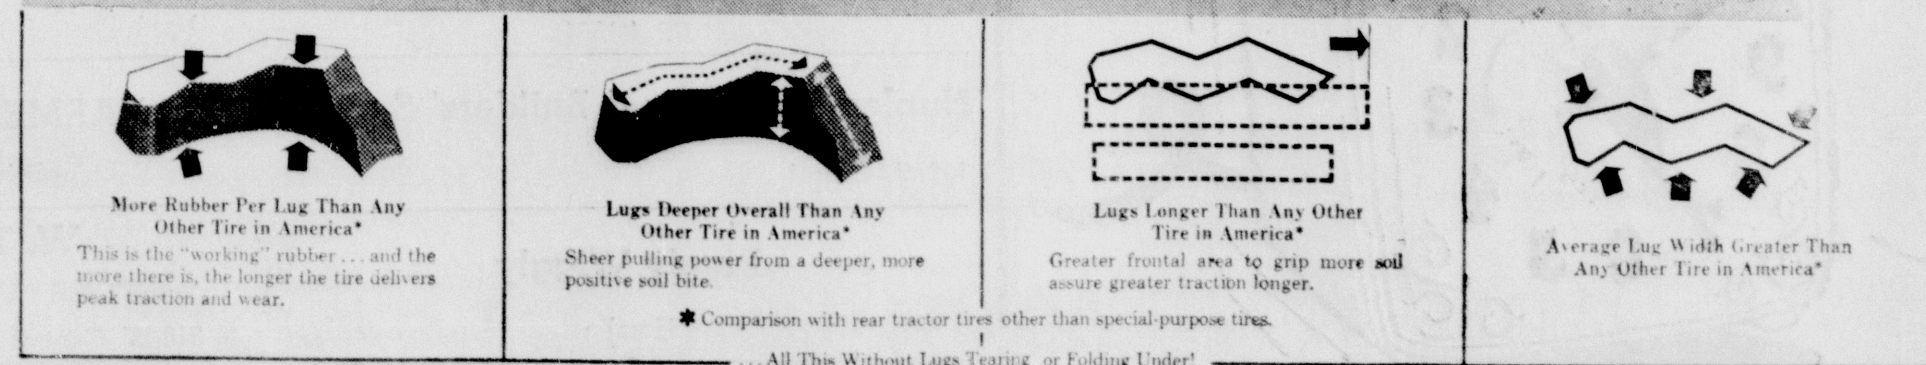

When you start to use a pair of Super-Torque Rear Tractor Tires, they start to save you money!

In dramatic, grueling 530 hour wear test — the new Super-Torque Tractor Tire saved 28% in tire operating costs... compared to a well-known, lower-priced field/road type tractor tire. What's more — after the test, Super-Torque still had 75% of original lug depth left, outpulled that lower-priced tire, brand-new. Reason: Exclusive Angle-Braced lugs, which are up to 30% deeper — provide up to 40% more working rubber — put up to 28% more rubber on the road than any other general purpose rear tractor tire.

Top trade-in allowance this week! Stop in today!

There's more value in those old worn tires than you think! We need used tires... and will pay top dollar for any tread left. We make on-the-farm inspection when you deal for new Super-Torques!

ANGLE-BRACED LUGS MAKE THESE SAVINGS POSSIBLE

Neinda Philosopher Aims to Adapt to the Great Society If He Doesn't Have to Change

EDITOR'S NOTE — The Neinda Philosopher on the Johnson grass farm on Route 1 takes a look at the Great Society over the top of his glasses this week:

Dear Editor:

I was out here deep in thought the other day drawing up some blueprints for bringing the Great Society to this Johnson grass farm, well in advance of spring planting, and there are a few questions I need answering.

In the first place, how much will be expected of me? Will this farm fit into the finished plans of the Great Society? I mean, which one will have to

yield, me or the G. S.? If a man's gates sag, can he qualify? Can there be a loose board on the front porch? Does he have to understand what's happening in Viet Nam?

Understand, I'm in favor of the Great Society, but I'm asking these elementary questions so we both know where we stand before we rush headlong into it.

Generally speaking I always admire whoever is President at the time, for different reasons, which anybody can find if he hunts hard enough, and I have to admire President Johnson because he likes to work hard. But, can he admire me because I don't like to work hard?

I am willing to plunge into the task of bringing the Great Society into being, provided it's understood in advance won't anything change around this Johnson grass farm, and I would like to know if President Johnson will accept these terms.

When you ask the question, "can we have a Great Society and still keep a place like this, I begin to look around and fidget, although I take some comfort in remembering it has withstood the efforts of the New Deal, the Fair Deal, the Eisenhower Deal and the New Frontier to change it. Yet this fellow Lyndon Johnson seems to have a drive that might sweep my gates back on their hinges and replace the loose boards on the

front porch, although I will try to hold the fortification and hold out as long as I can.

Therefore, I will appreciate your contacting our Congressman and getting him to look up the details on this. I don't want to stand in the way of the Great Society, but on the other hand I don't want it to budge me. The plans and me ought to be coordinated before Congress settles down to work. Come to think of it, will Congress fit into the plans?

Your faithfully,
J. A.

Car Inspection Time Here Again

AUSTIN — Col. Homer Garrison, director of the Department of Public Safety today encouraged Texas motorists to "start the new year with a safe vehicle" by securing the 1965 vehicle inspection sticker without further delay.

The Public Safety Director said that approximately one-half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. He added that unless the inspection pace is stepped up, motorists may expect to find the usual waiting lines at the inspection stations when the April 15 deadline approaches.

"The inspection stickers for 1965 have been available since September 1," Garrison said, "allowing ample time for all vehicles to be inspected without delay prior to the deadline. There can be no extension of the deadline and vehicles not displaying the new sticker will be in violation of the law after April 15."

Texas now has more than 5,200 authorized inspection stations over the state. According to Garrison, these stations are ready and capable of handling the remaining uninspected vehicles without delay provided vehicle owners do not wait until just a few days before the deadline.

He pointed out that the basic function of vehicle inspection is to detect and correct vehicle defects that might cause an accident. He said that last year vehicle defects contributed to fewer traffic accidents than ever before in Texas.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Today many Towns are "waking up" to Community Development

Everywhere you go these days you see towns engaged in or planning "community development." These activities range from simple clean-up programs to business modernization, new schools, hospitals, public buildings and recreational facilities as well as commercial and industrial promotion . . . making the towns better places to live, work and play. In 1965 we will run a series of ads which will picture and describe examples of community development now taking place in our service area. This is part of our area development program in which we are dedicating our efforts to assist the towns we serve to grow and progress. Growth-conscious towns are invited to contact their local WTU manager for the services of our area development representatives.

WEST TEXAS UTILITIES
AN INVESTOR OWNED ELECTRIC COMPANY

IN MOTHER'S FOOTSTEPS

What joy in life is seen in those eyes. That smile is given freely to everyone. Now look at them both. Which one am I talking about? Aren't they both the same? No, she's not an exact, carbon copy, of her mother — for when you look again, you see that there is a generation between them. She wears the bright colors in her dress with the cute designs. Her dreams are different than her mothers. She is more outgoing. Yet in the mother you can see a quiet humor and in her closeness to her daughter, a gentle protectiveness. Her mother's dreams are sometimes too ambitious, but in the "Encouragement Department" she works just fine.

There is one dream and ambition they both have, however; and that is to be like our Lord and Saviour Jesus Christ, and to be of service to the church. Their goodness is of God.

"For the eyes of the Lord are over the righteous, and his ears are open unto their prayers; but the face of the Lord is against them that do evil." 1 Peter 3:12.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Ben Niedecken Urges B&PW Members to Pay Poll Taxes

Ben Niedecken of Anson, Jones County Attorney, was guest speaker for the Tuesday evening meeting of the Business and Professional Women's Club held in the high school cafeteria.

The attorney stressed the importance of paying the poll tax on the county, state and national level.

The program was under the direction of the legislative committee with Mrs. W. B. Britton as chairman.

The finance committee served as hostesses and used the patriotic theme in the decorations. Mrs. Opal Smith was chairman.

Mrs. J. C. Bailey gave an explanation of the B & P W emblem prayer.

Miss Lennie Greeway, president, presided and introduced the following guests: Mrs. Paul Hubbard, Mrs. Ross Walker of Breckenridge, Mrs. Wesley Niedecken, Mrs. Ben Niedecken of Anson, Mr. and Mrs. W. W. Wallace and Christy Wallace, who furnished dinner music.

Miss Greenway announced the Jan. 26 business meeting to be held in Harden Memorial Library at 7:30 p. m. Each member is to attend the meeting in tatty attire.

Mrs. A. A. Hackley, chairman of the world affairs committee, announced the Feb. 9 dinner meeting in the high school cafeteria when each member is to come with a homemade hat to represent a foreign country.

Mrs. J. W. McCrary To Host Literary Club Friday at 3

Mrs. J. W. McCrary will be hostess for the Friday meeting of the Hamlin Woman's Literary Club at 3 p. m.

The program will be presented by Mrs. R. D. Moore, Mrs. A. A. Hackley and Mrs. McCrary. "A Prayer for Vacations" will be given by Mrs. Moore and slides and commentary of their recent European tours will be given by Mrs. Hackley and Mrs. McCrary.

The annual business meeting will also be held.

Jeffrey Witt Has Sixth Birthday

Jeffrey Warren Witt was honored on his sixth birthday with a party at the home of his parents, Mr. and Mrs. Gean Witt, 423 N. W. Ave. D., Saturday.

Guests were Mitch Wilson, Keith and Kyle Jackson, Rusty and Britt Cary, Harold and George Ann Pruitt, Debbie and Danny Hix, Dee Dee Young, Linda Jean and Cynthia Witt, Mrs. J. E. Hix, Mrs. John Hix and Jeffrey's grandmother, Mrs. I. R. Witt.

CELEBRATES BIRTHDAY SUNDAY — Mrs. Minnie Shepherd, formerly of Turkey, observed her 94th birthday here Sunday at Holiday Lodge. She is quite alert and active for her years and most industrious as the quilt in the background shows. She pieces quilt blocks to perfection by hand even though she does not wear glasses.

Mrs. Minnie Shepherd Honored On 94th Birthday Here Sunday

Mrs. Minnie Shepherd of Holiday Lodge was honored Sunday on her 94th birthday when her daughter, Mrs. Lee Parker and Mr. Parker came from Flomont with a cake and gifts for the occasion.

Mrs. Shepherd, a former resident of Turkey, has been at Holiday Lodge since Oct. 17, 1964.

Although her birth date is Jan. 10, 1871, she insists she is only 93.

Despite her advanced age, Mrs. Shepherd is very alert and still enjoys piecing quilts by hand.

Mrs. Shepherd does not wear glasses and walks with the help of a cane. She goes to the dining room for most of her meals. She writes a few letters but her incoming mail is read to her.

She was born in Kentucky and was married to Dick Shepherd in Missouri. They homesteaded in New Mexico, living in a half dugout. Mr. Shepherd was a trapper and would be gone for many weeks at a time.

The couple had five children. The two children now living are Mrs. Parker and a son, Richard Shepherd of Dalhart.

The Shepherds moved to Turkey in 1927 and farmed there and he continued to trap. Mr. Shepherd died in 1938.

Mr. and Mrs. Paul Buchanan, owners of the Holiday Lodge, have been close to the Shepherd family since Mrs. Buchanan's uncle, Mr. Parker married the Shepherd's daughter, Annie. Mrs. Buchanan helps Mrs. Shepherd cut her quilt blocks. Mrs. Shepherd recently completed a quilt top for Mrs. Buchanan and now has material ready to be cut for her to piece her own quilt.

Mrs. Shepherd maintained her home with a companion in Turkey before moving here last year.

The cake was shared with other residents of the Lodge at the evening meal Sunday.

Gifts were received from grandchildren, great-grandchildren and nieces.

Smiling Blue Birds Elect Officers

The Smiling Blue Birds met at the Hut with their leaders, Mrs. C. H. Tugwell and Mrs. Bill Early. New officers for the next six weeks were elected.

Donna Early was elected president, Jacque Preiss, secretary and Sonja Williams, reporter.

Kelly Bradshaw was a guest at the meeting and is to be a new member of the group.

Refreshments were served by Mrs. Sam Walker.

Mrs. Fred Carpenter Holds Workshop for Garden Club Meet

The Hamlin Garden Club meeting, held in the home of Mrs. C. F. Cook, featured a workshop conducted by Mrs. Fred Carpenter.

Mrs. Carpenter discussed the treatment of driftwood and its use in arrangements. She also displayed decorated bottles for accessories.

Visitors were Mrs. L. D. Ratliff and Mrs. Jack Reeder of Spur.

During the business session the following officers were elected: Mrs. LaFoy Patterson, president; Mrs. Richard Young, first vice president; Mrs. Tarrion Willingham, second vice president; Mrs. Joe L. League, recording secretary; Mrs. E. D. Moore, treasurer; Miss Len-

nie Greeway, corresponding secretary; Mrs. Glenn Simon, reporter; Mrs. B. H. Gardner, historian; Mrs. J. P. Morgan, librarian.

Mesquite District To Pick Scholarship Winner Monday

The executive committee of the Mesquite District, Texas Federation of Women's Clubs will meet at Abilene Woman's Club building in Abilene Monday, Jan. 18, to select the recipient of the \$100 Mesquite District Scholarship.

There are seven applicants for the scholarship, which is made possible by contributions of the 63 clubs in the 14 counties of Mesquite District. The fund makes it possible for some worthy student, enrolled in college, to remain in school.

Mrs. G. W. Kincaid Elected Camp Fire Leaders Chairman

Mrs. G. W. Kincaid was elected chairman of the Hamlin Camp Fire Leaders Association at the Jan. 5 meeting in the home of Mrs. Miller Harmon.

Other officers elected were Mrs. Charles Tugwell, secretary; and Mrs. Jerry Waggoner, reporter.

The secretary reported that \$75.28 had been made from the recent light bulb sale.

Discussion of improvements that need to be made at the Hut were discussed.

Present were Mmes. W. L. Hunter, Jr., Bill Early, Gerald Young, Charles Watson, Tugwell, Waggoner and Doyle St. Clair.

Twinkling Bluebirds Visit Santa Fe Here

The Twinkling Bluebirds visited the Santa Fe Station last Tuesday and were taken on a tour of the depot, the roundhouse, the freight engine and the caboose.

The group included Connie Christian, Theresa Hambright, Elaine Kelley, George Ann Pruitt, Luann Shira, Valinda Skaggs, Leigh Ann Vaughn, Jeri Ann Waggoner, Pamela Waggoner, and Cynthia Witt.

Others making the tour were Mrs. George Pruitt, Harold Pruitt, Mrs. L. L. Skaggs, Gould Skaggs, Elise Kelley, Susan Waggoner and the group leaders, Mrs. Parker Kelley and Mrs. Jerry Waggoner.

1965 License Plates To Go on Sale After February 1

New automobile license plates for 1965 have not arrived at Anson and Tax Assessor-Collector A. J. French said Monday that they are later than usual in being delivered.

The Texas Highway Department warehouse in Abilene has the plates in storage and they are being distributed at this time. Normally Mr. French said, the plates are in his office by Jan. 1.

"There is a lot of work that needs to be done before the plates can be placed on sale. We have a lot of work yet to do in collecting taxes so we probably will not put the tags on sale until shortly after Feb. 1," he said.

In addition to the office in the courthouse, plates also will be sold in Lueders at the city hall, in Stamford at Enis Bishop Electric, and in Hamlin at Wesley Nail's Insurance office. The new plates are white with black letters. There will be three letters and three numerals.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Surprises come fast and furious on the political scene in Austin.

First surprise of the new year was the resignation of veteran Railroad Commissioner Ernest O. Thompson.

Then came an even greater one. Just as the Legislature was about to open and everything was in readiness under the old management... presently confronted with problems both old and new... Gov. John Connally named House Speaker Byron Tunnell to fill Thompson's old post.

Thompson, once the battling mayor of Amarillo and for more than 30 years a scrapper on the Railroad Commission, had been ill for many months. Only recently he had been moved from an Austin hospital to his home in Amarillo. He had two years yet to serve.

Tunnell is an East Texan. He's the first person from the East Texas oil area to serve on the Railroad Commission in 23 years. He was just beginning his third term as legislator from the Tyler-Kilgore region and expected to preside for a second term as House Speaker.

Immediately upon learning of Tunnell's appointment Rep. Ben Barnes of De Leon, Tunnell's first lieutenant during the 1963 session, began contacting Legislators about the speakership. Barnes already had announced as a candidate for the Speaker of the 1967 session.

Simultaneous with Barnes' race for the speakership were similar activities by other House members, either openly or behind the scenes.

This list included Henry C. Grover of Houston, Jack Woods of Waco, Paul Haring of Goliad, George Richardson of Fort Worth and Wilson Foreman of Austin.

There were several other potential candidates. Long Session — Most observers feel the 59th session may run through the summer. Certainly it will dominate the 1965 Texas political scene.

These results seem likely: Lawmakers will spend a record amount of money, much of it to uplift higher education. Budget proposals of both Governor Connally and the Legislative Budget Board awaited Senators and Representatives at their capital desks.

School teachers will get the \$45 a month pay raise they are asking. But they will have to figure out who is going to foot the bill. A few more exemptions are going to be removed from the state sales tax. Just enough to balance the budget, but not enough to hurt much.

Commission on higher Education will be reorganized along lines recommended by Governor Connally. But the successor agency may not get all the power Connally would like it to have.

Stormy hearings will be held over legalized horse race betting and sale of liquor by the drink. Both proposals may move farther than they ever have before. Maybe all the way. A congressional reapportionment bill eventually will be adopted. However, it's difficult to see any agreement on legislative redistricting.

Other key issues which will occupy the 59th Legislature are statewide water planning and financing, oil and gas tract pooling, mental health and tuberculosis programs, criminal code revision, judicial redistricting, state property tax repeal, extension of the medical care for the aged program as authorized by constitutional amendment voted on November 3, equal rights for women, gasoline tax exemptions for municipal bus lines, and enlargement of state tourist and industrial attraction programs.

Gary Being Activated—Texas Educational Foundation selected Dr. Oscar J. Baker, superintendent of schools at Dickinson, as director of new Camp Gary Training Center near San Marcos.

First group of 37 teachers will arrive at the war-on-poverty training base by February 1. Then the first 300 students are due in March.

Base eventually will enroll 2,000 trainees in 45 vocational programs and basic education.

of Civil Appeals handed oyster fishermen another setback in their suit to keep shell dredgers a long way from live oyster reefs. Court agreed Austin trial court was justified in dismissing suit. This since law did not provide for appeal from decision of Parks and Wildlife Commission which permitted dredgers to operate within 300 feet of reefs (old limit was 1,500 feet).

State Supreme Court invalidated City of La Porte annexation ordinance taking in 12 square miles of land including City of Seabrook and proposed town of Bayshore, but held La Porte home rule charter constitutional.

Court of Criminal Appeals, which overturned first conviction of former Houston Probate Judge Clem McClelland for felony conversion, upheld the second. Court also affirmed bribery conviction of Houstonian involved in the same case.

Building Commission Switch—Governor Connally has yet to take a position on the Texas Research League's recommendation that he turn his job as a member of the State Building Commission to someone else.

But the other two commissioners have indicated they wouldn't mind giving up one job too many.

Commission administrators State building construction and operation. This includes the State Capitol and the six buildings now in the Capitol complex. Also, others in Austin and over the State. Recently they recommended construction of another multi-million dollar State office building. Also a new mansion for the Governor.

But the Governor did not support the recommendation he helped make when he revealed his 1966-67 budget proposal.

League suggested that the Commission—now composed of the Governor, Attorney General and chairman of the Board of Control—be made over and instead be headed by three citizens appointed by the Governor and approved by the senate.

Atty. Gen. Waggoner Carr, who was relieved of some 13 extra board positions by an act of the 1963 Legislature, has indicated he'd be glad to give up another job that takes time from his big job as the State's attorney. Board of Control Chairman Charlie Coates of Chappell Hill says he'll do whatever the Legislature wants. But Connally's staff says the Governor hasn't made up his mind.

Highway Record — Before the end of 1965, Texas will have 1,623 miles of super roads.

Total interstate highway system designated for Texas is 3,025 miles.

California, heretofore the leader, has a designated interstate system of 2,173 miles. Interstate construction in Texas costs \$610,000 a mile, compared with about \$1,000,000 nationwide.

Water Changes Sought—Texas Research League has called for a switch in water planning functions from the Water Commission to the Water Development Board.

League sees Commission's role as a water rights' administration agency.

Initial decisions on water supplies needed for the next century must be made within six years to assure Texas' continued growth and prosperity. So states the League in the first of a series of four reports following its two-year study.

League said the state must be prepared to finance "a reasonable share" of some \$4,000,000,000 in water development projects during the rest of this century. It recommends broadening the purposes for which state water development funds can be invested.

Commission "Stuck" With Oil Railroad Commission is having a difficult time getting rid of more than 107,000 barrels of oil, impounded because of illegal production. Some of it has been tied up since 1933.

About 70,000 barrels of this oil has been stored in Beacon Tanks in East Texas for close to 30 years. State can't find a buyer for it because Federal law prohibits the sale of illegal oil into interstate commerce, says Fred Young, attorney for the Commission.

Young said the counties have received some benefits from the

Commission's problem. When a well is shut down on an illegal production order, oil at the well is impounded in tanks at the well site. When oil operators want to use their tanks, the Railroad Commission will let them give the impounded oil to counties for road construction.

Compliance Pledged — State Board of Education voted 13-5 to comply with the 1964 Civil Rights law, a necessary ingredient for acceptance of some \$37,000,000 in Federal funds for public school operation.

But the Texas Commission on Higher Education, which will administer the new Federal college construction grant program, says it has not been requested to sign any such agreement.

PAGE SIX Friendship HD Club Installs Officers

The Friendship Home Demonstration Club met at the Oil Mill Guest House for installation of officers, conducted by Mrs. B. H. Gardner.

Mrs. Elmer Joiner was installed as president. Other officers include Mrs. R. M. Young, vice president; Mrs. R. C. Ritchey, secretary; Mrs. E. G. Young, treasurer and Mrs. Noble Greer, council delegate. Refreshments were served by Mrs. Carl Young to Meses. E. G. Young, R. E. Brewer, Jack White, J. E. McCoy, Norman Carlton, Gardner, Joiner and Alton Mayfield.

AVOID STRAY SHOTS WHILE HUNTING

AUSTIN, Tex. — To avoid being hit by stray shots while hunting, the Texas Safety Association advises hunters to keep out of the brush in heavily hunted country. A hilltop also can be especially dangerous. On high ground, stand in front of a tree or rock so that your silhouette won't invite another hunter's bullet.

By MRS. ELMER JOINER

Not much news has happened weather does. At our way this past week Mrs. Fred Rosenbaum has been on the sick list for the past two weeks, she was able to be out Sunday morning, but not Sunday night. Mr. and Mrs. Henry have both been sick the past week, they are feeling better, but still have to stay in, and those that know them know that is hard for them to do. Winson Gray was taking quite a bit of ribbing Sunday, as he has a new John Deere 40-20 tractor, the men were all trying to borrow it or get him to come help them out with it. He admits he's more sickness than cold that he is proud of it, but he

One Day in 1965 Texas Will Have Built More Miles Of Interstate Highways Than Most States Plan On

AUSTIN — One day in 1965 Texas will have another item for their celebrated grab-bag of brags.

On that day the Texas Highway Department will have built more miles of Interstate Highways than any other state even plans to build under the current Interstate program, excepting only California.

To put it another way, Texas in 1965 will have attained as many Interstate miles in about half the time as any other state, save one, will build in the Interstate program's entire 15-year construction-span.

Texas will arrive at this point, when some time in 1965, it will have opened 1,623 miles of Interstate Highways to traffic. That's the number of miles to

be built by 1973 by the state of Illinois, which ranks behind Texas and California in extent of its Interstate Highway system.

"In other words," says State Highway Engineer D. C. Greer, "it may be assumed that in 1965 Texas will have more miles of Interstate Highways open to traffic than any other state except California will build by 1973. And the Texas Highway Department will have achieved this mark eight years before the scheduled completion date of all the nation's Interstate highways."

Texas was pretty close to its new record at the end of 1964. On December 1, the Interstate Highway system under rubber in Texas totaled 1,372 miles. Of the total, 1,036 miles were complete to full Interstate standards while 336 miles were complete to stages adequate for traffic.

Moreover, 366 miles of Interstate Highways were under construction to full Interstate standards, while 108 miles of I. H. routes were under "stage" construction.

The total Interstate Highway system designate for Texas is a superhighway grid of 3,025 miles. California has a designated Interstate system of 2,173 miles of which 854 were open to traffic on October 1.

Texas has built more Interstate Highway miles than any other state. What's more, it has built them cheaper. Interstate construction cost in Texas averages about \$610,000 a mile, vs. about \$1 million a mile nationwide.

In all, during the first 11 months of 1965, Texas added about 110 miles of Interstate Highways (complete to full standards) to its highway system, generally acknowledged the nation's finest as well as its most extensive.

On other highway fronts, too,

the Texas Highway Department totted up an impressive 11-month box score at year's end:

1. More than 900 miles of new Farm to Market Roads had been added to the system during 1964. The Primary Highway system of U. S. and State-numbered highways had stretched by 43 miles.

2. The designated overall highway system in Texas was nearing a total of 66,000 miles. The designated system, which includes all highways now open to traffic plus highways financed for construction in coming months, breaks down like this: Primary highways, 25,701 miles; Farm and Ranch to Market Roads, 37,087 miles; Interstate Highway, 3,025.

3. No working day dawned in Texas in 1964 during which less than 1000 new highway miles were under construction over the state.

4. The Texas Highway Commission authorized \$20 million for the betterment of Texas highways specifically to enhance their safety.

Every program authorized by the Commission was considered an investment in traffic safety for traveling Texans. Abundant statistics prove that construction of new highways and improvements of old ones saves lives in ratios up to one life spared per every five miles of expressway added to the system.

5. Other major programs authorized during 1964 by the Texas Highway Commission include: 1964 Farm to Market Road construction program, \$23 million; 1964-65 Consolidated Highway Program to extend, rebuild, and improve Primary and Secondary highways, \$165 million; annual Farm to Market Road Improvement Program, \$18 million.

6. About \$66 million was spent during 1964 on all maintenance items to keep the existing Texas

7. During 1964 the Texas Highway Department completed the nation's first Urban Transportation Plan to qualify a metropolitan area for future federal highway aid—and, incidentally, to help unsmother future city traffic jams before they get started. The comprehensive, minutely-detailed plan for Corpus Christi foreshadows a total of 19 such plans to be completed by the Department in 1965 for the 22 scattered metropolitan areas of Texas, which has more such areas, and in greater diffusion than any other state.

8. In 1964 the Texas Highway Department continued to give Texans more mobility per tax dollar. About 92 cents of every Texas highway income dollar went for construction and maintenance of roads, the remainder going for equipment, Department of Public Safety support, research and administration.

9. At year's end, there were 5.7 million vehicles with "1964" Texas license plates. Moreover, the Highway Department predicted vehicle registrations for Texas would hit the 6-million mark before the end of 1964 registration year which closes in April, 1965.

10. The Texas Highway Department resolved a New Year

Herald, Thursday, January 14, 1965

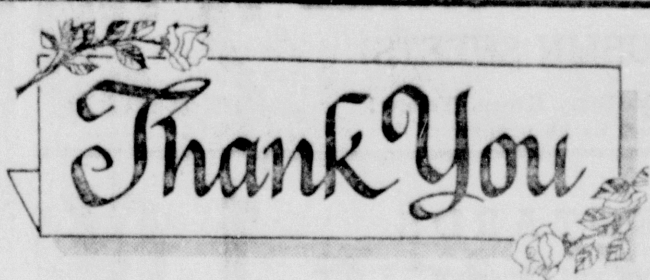

of expanded mobility for Texans in 1965. And it had laid money on the line to assure the keeping of its New Year's resolution.

As 1965 got underway, the Highway Department had obligated more than \$1 billion for construction and improvement of the 66,000-mile Texas highway grid.

It looked like a happy New Year for those who travel Texas highways.

Mr. and Mrs. Hilton Hudspeth of Fayetteville, Arkansas, visited his mother, Mrs. Joe Hudspeth, Sr., at Holiday Lodge during the week end. They were house guests of his brother and family, Mr. and Mrs. Joe Hudspeth, Jr., and Glenda.

Call your news to the Herald.

We want to express our appreciation to the citizens of this community for the gifts, visits and many other kindnesses shown residents in HOLIDAY LODGE not only during the past holiday season, but throughout the year. Through your thoughtfulness you have added happiness to the daily lives of our residents.

thinks he has all he can do at home with it.

The Fairview Church folks went to the Holiday Lodge Sunday afternoon for services, with twelve going. It is always a pleasure for our time to come to have the services, for we do enjoy the visit.

Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Winson Gray visited with Mr. and Mrs. Joe Ford Sunday afternoon. Mr. Ford seems to be feeling better, he was in church Sunday.

This reporter learned first hand Saturday night the horror of learning of a car wreck, to some of your family, when word came to Hamlin that a granddaughter, Kay McCoy of Hamlin, and Corky Taylor of Rotan had been in a bad wreck in Rotan. The first word received was to the effect that Kay was in a serious condition, but after seeing her, we found her to be in good condition having only received a painful injury to the back of her neck, some minor cuts and bruises. The boy had several stitches on his head and a painful back injury but X-rays showed no broken bones. Since he was home on leave from the armed forces in Puerto Rico, due to return Sunday, he was transferred to the Dyess Hospital, after spending the night in Rotan. A report of his condition has not been learned since he was carried there, at this writing.

Kay was transferred to the Hamlin Hospital Sunday at noon where she will only spend a short time, if nothing else shows up. The car in which they were riding, belonging to Kay, is a total loss. It was hit from behind inside the city limits of Rotan, one block from the hospital. After turning over several times it landed on the top, with both of them remaining inside.

After viewing the wreckage we know that only by a miracle were they both saved.

Call No. 452 Charter No. 12700

REPORT OF THE CONDITION OF THE FARMERS AND MERCHANTS NATIONAL BANK OF HAMLIN, TEXAS

33 Six-Year-Olds Registered in Annual School Census Here

Thirty-three six-year-olds have been registered thus far in the annual school census now underway by Hamlin Public Schools.

The following students, listed with their parents, will be attending school this fall for the first time:

Brent St. Clair, Mr. and Mrs. Doyle St. Clair; Rhonda Hart, Mr. and Mrs. Buster Hart; Tunine Bosquez, Mr. and Mrs.

Jose Bosquez; Ronald G. Crouch, Mr. and Mrs. Herbert Crouch; Kenneth Lee, Mr. and Mrs. Jack Lee; Debra Tugwell, Mr. and Mrs. Charles Tugwell; Danny Johnston, Mr. and Mrs. Herbert Johnston; Debra Ballard, Mr. and Mrs. Andrea Touchon.

Marian Ward, Mrs. Shirley Ward; Lisa Howard, Mr. and Mrs. C. L. Howard; Roy Eisenbach, Jr., Mr. and Mrs. Roy Eisenbach; Jimmy Chapman, Jr., Mr. and Mrs. Jimmy Chapman; Douglas Skaggs, Mr. and Mrs. L. L. Skaggs; Kyle Jackson, Mr. and Mrs. Delton Jackson; Debbie Janke, Mr. and Mrs. Larry Janke; Marmen Melinda Johnson, Mr. and Mrs. Vernon Johnson.

Pamela Absher, Mr. and Mrs. Charles Absher; Elizabeth Jan Ford, Mr. and Mrs. Joe Ford; Elise Kelley, Mr. and Mrs. Parker Kelley; Suellen Waggoner, Mr. and Mrs. Jerry Waggoner; Sherry Carter, Mr. and Mrs. James Carter; Jeffery Allen, Mr. and Mrs. Grady Allen; Sandy Romero, Mr. and Mrs. George Romero; Paul Reynolds, Mr. and Mrs. Rex Reynolds;

School Dropouts Face Many Employment Problems Ahead

COLLEGE STATION—Some comparisons of the labor force status of young men 18 to 24 years dramatically illustrate the problem of school dropouts, says Mrs. Eula J. Newman, Extension home management specialist.

The plight of the rural school dropout compared with that of high school graduates was especially apparent in occupational roles, the Texas A & M University specialist noted.

Labor force comparisons nationally show that:

1. Seventeen per cent of those with less than nine years of school were neither working nor looking for work.

2. More urban and rural graduates than dropouts were in white collar jobs.

Philip George, Mr. and Mrs. Callens George; Alice Lujan, Mr. and Mrs. Fermin Lujan; Alejandro Mendoza, Mr. and Mrs. Jesse Mendoza; Sally Paramore, Mr. and Mrs. Bob Paramore; Gerald Spalding, Mr. and Mrs. R. G. Spalding; Arlen Woolf, Mr. and Mrs. Floyd Woolf; Keith Early, Mr. and Mrs. Bill Early; Marta Amberiz, Felicisciano Amberiz; Debra Weaver, Mr. and Mrs. Melton Weaver.

3. Rural farm dropouts with the least education were concentrated in farm occupations.

4. Unemployment was less prevalent among graduates than dropouts.

A national study also showed that about one-third of the males 18 years old and over with a farm background were white collar workers, compared with about half of those who had no farm background.

About one-third of the rural high school graduates and one-half of the urban graduates in 1960 enrolled in college. Higher rates of rural school dropouts, lower scores in aptitude tests, lower salaries and fewer facilities are among factors putting rural schools at a general disadvantage, the study showed.

The outlook for rural youth in the future includes: The importance of social and economic influence on education opportunities must be considered, for the most desirable and best paid occupations generally are in urban areas. The number of farms will continue to decline, along with employment on the farm. Rural residents from 14 to 24 years of age likely will need 1.1 million new jobs by 1970—thus, education beyond

PIPER PATT—

HHS Students Face Mid-Term

—By—
NANCY FORD
CAROLYN REYNOLDS
MAROLYN REYNOLDS

Dead week! Yes, that's what it's called in college! The week of exams, and oh, the week when students develop a coffee drinking habit. Oh, let's not exaggerate. It's really not that bad although mid-term examinations do begin Thursday and unluckily some students will have to cram. Those students can be called procrastinators, people who continually put things off. Yes, at times students just can't be told; they have to learn for themselves. That party, date or the TV program doesn't seem so important now—that is when the student admits that teachers and parents have had experience; they know. "Learning is fast forgotten when cramming

high school will become increasingly important.

Other implications of the outlook for rural youth are that major differences between urban and rural youth in school enrollment will be the proportion entering college; the consolidation of rural schools will increase; and social problems associated with low levels of education will likely continue.

replaces study."

Pick a number, any number, but Saturday, January 9, six was the lucky number! Three seniors, two juniors and one sophomore of the Piper Band took chairs in the 105 piece T. M. E. A. all-regional band. These students were Jack Townley, B flat clarinet; Mary Lois Patterson, flute; Carolyn Reynolds, alto saxophone; Margie Young, oboe; Jimmy Hawkins, tenor saxophone and Gary Hester, bass. These six students along with 99 other students presented a concert for the completely filled Radford Auditorium, Saturday night at 7:30 p. m.

Yes, on with the coat, out the door and to the gym—that happens about twice a week to every supporter of our basketball teams! Only this week there are three different nights of vigorous excitement. Monday night the A and B girls played Colmen. The A girls came out on top, 35 to 30, while the B girls were beaten, 38 to 19.

And now out with the old mixing pot. Friday night combining is the word, and both the girls and boys journey to Ballinger.

\$168 Million New Telephone Construction for Texas in 1965

Continuing improvements in telephone system will make your service even more dependable and valuable

Telephone service in Texas ranks with the world's best. It always has. Even so, in 1965 Southwestern Bell will spend another \$168 million to make it better still. This construction program is the biggest in history. It is necessary to provide for the growing telephone needs of Texas.

But it's more than that.

It also is an intensified effort to make even better the service you already have, whether you live in a big city, a small town, or on a farm or ranch.

Our objective is to make your telephone service more useful, dependable, convenient and valuable than ever before.

Texans will also benefit economically from this telephone construction program. Because hundreds of individual projects reach into virtually every community served by Southwestern Bell, the economic impact will be significant and widespread.

New jobs will be created. We expect to add 500 new telephone jobs in Texas in 1965—bringing to 25,000 the number of people on our payroll in Texas.

But more important will be the economic boost for the hundreds of Texas firms which sell supplies, services and materials to the telephone company.

Here are some of the things we'll do in 1965 to make your telephone service better

NEW STORMPROOFING

In 1965, we'll put more than 500 additional miles of telephone cable underground, because that's the safest place for it. Safe from wind, rain, hot weather, cold weather, stormy weather. This will add to the dependability of your long distance service.

DDD IMPROVEMENTS

For those customers who have Direct Distance Dialing, service will be faster and easier than ever before. Complex new testing and trouble-reporting equipment is being built into the system to help maintain the quality of transmission and quickly trace and remedy problems that might affect your service.

NEW BUILDINGS, WORK CENTERS

Southwestern Bell will erect 15 new buildings in Texas in 1965. The largest will be the new \$13 million South Texas headquarters building in Houston. Other new telephone buildings will be erected in Amarillo, Midland, Dallas (two buildings), San Antonio, Beaumont, Rosenberg, Cleveland, Waco, Pasadena, and a three-building complex in northwest Houston.

Also, 16 new installation, repair and construction centers will be built across the state.

NEW MICROWAVE MAGIC

The magic of microwave will provide thousands of new voice ways for long distance calling in Texas this year. For example, new systems will link Sweetwater and San

Angelo, Fort Worth and Waco, Houston and Beaumont. Via a network of such microwave antenna towers and transmitting stations, your phone calls are relayed from point to point with the speed of light.

We are looking ahead to another year of telephone progress in Texas in 1965:

- Your telephone service will be a better buy, dollar for dollar.
- Texans everywhere will benefit from the surge of new dollars, created by our expansion program, into the state's economy.
